Closing Time:

16:00, Local Time Israel

Subject: USAID/West Bank and Gaza Request for Application (RFA) Number 294-12-000006: “Palestinian Community Infrastructure Development” Program

Dear Prospective Applicants:

The United States Government, represented by the Agency for International Development (USAID) Mission to the West Bank and Gaza is seeking applications from qualified U.S. Non-Governmental Organizations (NGOs) to implement a program entitled “Palestinian Community Infrastructure Development” program in the West Bank and Gaza. The authority for the RFA is found in the Foreign Assistance Act of 1961, as amended. Recipients are encouraged to utilize local expertise and local institutions whenever possible in implementing the program.

Pursuant to 22 CFR 226.81, it is USAID policy not to award profit under assistance instruments. However, all reasonable, allocable and allowable expenses, both direct and indirect, which are related to the agreement program and are in accordance with applicable cost standards (22 CFR 226, OMB Circular A-122 for non-profit organization, OMB Circular A-21 for universities, and the Federal Acquisition Regulation (FAR) Part 31 for profit organizations), may be paid under the anticipated award.

The successful Applicant will be responsible for ensuring the achievement of the program objectives. Please refer to the Program Description in Section I of this RFA for a complete statement of goals and expected results.

Subject to the availability of funds, USAID/West Bank and Gaza intends to provide approximately \$100 Million in total USAID funding for this activity to be allocated over a five-year period. USAID reserves the right to fund any or none of the applications submitted. Although it is planned to make an award of one Cooperative Agreement under this RFA, USAID/West Bank and Gaza in its discretion may make awards to more than one organization or make no award under this RFA.

In accordance with ADS 304.3.1 (b), the principal purpose of the relationship with the Applicant under the subject program is to transfer funds to accomplish a public purpose of support or stimulation, which is authorized by Federal statute. Substantial involvement is anticipated between USAID and the Applicant during the performance of the “Palestinian Community Infrastructure Development” program.

For the purposes of this program, this RFA is being issued and consists of this cover letter and the following:

Section I – Funding Opportunity Description
Section II – Award Information
Section III – Eligibility Information
Section IV – Application and Submission Information
Section V – Application Review Information
Section VI – Award and Administration Information
Section VII – Agency Contacts
Section VIII – Other Information

For the purposes of this RFA, the term "Grant" is synonymous with "Cooperative Agreement"; "Grantee" is synonymous with "Recipient"; and "Grant Officer" is synonymous with "Agreement Officer".

To be eligible for award, Applicants must provide all required information in their application, including the requirements found in any attachments to this application on www.grants.gov. Applications that are submitted late, incomplete or are non-responsive will not be considered. Award will be made to the responsible Applicant whose application best meet the requirements of this RFA and the evaluation criteria contained herein.

The preferred method of distribution of USAID Requests for Application (RFA) is electronically via Grants.gov. This RFA and any future amendments can be downloaded from <http://www.grants.gov>. Select "Find Grant Opportunities," then click on "Browse by Agency," and select the "U.S. Agency for International Development" and search for the RFA. It is the responsibility of the Recipient to ensure that it has received the RFA and any future amendments from <http://www.grants.gov> in its entirety. All interested parties are encouraged to register on <http://www.grants.gov> to receive automatic notification of amendments to this RFA. In the event of an inconsistency between the documents comprising this RFA, it shall be resolved at the discretion of the Agreement Officer.

In addition, award of the agreement contemplated by this RFA cannot be made until funds have been appropriated, allocated and committed through internal USAID procedures. While USAID anticipates that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for the award. The Agreement Officer is the only individual who may legally commit the Government to the expenditure of public funds. No costs chargeable to the proposed Agreement may be incurred before receipt of either a fully executed Agreement or a specific, written authorization from the Agreement Officer. Thus, Applications are submitted at the risk of the Applicant, and all preparation and submission costs are at the Applicant's own expense.

Applicants may upload applications to <http://www.grants.gov>; however, USAID bears no responsibility for data errors resulting from transmission or conversion processes associated with electronic submissions. **However, USAID/West Bank and Gaza requires that applications be submitted both electronically (e-mailed) to WBG-OCM-packages@usaid.gov AND in hard copy as further detailed below no later than Tuesday, May 29, 2012, 11:00 A.M., Local Time, Tel Aviv, Israel.**

Applicants should also note that the documents listed in this RFA under "Other Information" are intended only as sources for background information that may be helpful to applicants, but are not

a part of this RFA. All guidance included in this RFA takes precedence over any reference documents referred to in the RFA.

If you decide to submit an application, it must be received by the closing date and time indicated at the top of this cover letter at the place designated below for receipt of applications. Applicants are requested to submit both technical and cost portions of their applications in separate volumes. Hard copies of the technical application and the cost application and modifications thereof shall be submitted in separate envelopes with the name and address of the Applicant as well as the RFA number and program title referenced above inscribed thereon, to:

Hand-Carried Address:

Ms. Claudia Koziol, Agreement Officer
Ms. Reine Joubran, Acquisition Supervisor
USAID/West Bank-Gaza
Office of Contracts Management
10th Floor, 25 Hamared Street,
Tel Aviv, Israel
Phone: + 972-3-519-8507 or + 972-3-511-4868

OR:

Courier Address – Official FedEx or Express Mail:

USAID
Attn: Ms. Claudia Koziol, Agreement Officer
Attn: Ms. Reine Joubran, Acquisition Supervisor
9700 Tel Aviv Place
Washington, DC 20521-9700

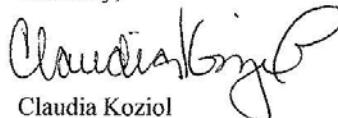

It is the Applicant's responsibility to ensure that all necessary documentation is complete and received on time. If the Applicant elects to hand carry applications for delivery he/she is encouraged to carry the application through to the Office of Contracts Management and not leave the application at the facility's front door as specified above.

Applicants should take into account the expected delivery time required by the application transmission method they choose, and are responsible to ensure that applications are received at USAID by the due date and time specified above.

QUESTIONS: USAID requests that all questions regarding this RFA be submitted in writing to Ms. Claudia Koziol, Agreement Officer, via internet at WBG-OCM-packages@usaid.gov no later than Monday, April, 23, 2012. Answers to questions will be provided through an amendment to the RFA.

Thank you for your interest in USAID Programs.

Sincerely,

Claudia Koziol
Agreement Officer

SECTION I – FUNDING OPPORTUNITY DESCRIPTION

A. Program Description

1. Background

The West Bank and Gaza are located in a water scarce region. Ongoing water shortages are exacerbated by the Israeli/Palestinian conflict and the evolving impacts of climate change. Despite major USAID and other donor contributions to the improvement and rehabilitation of Palestinian infrastructure, major portions of the Palestinian population in the West Bank remain without access to water and sanitation infrastructure and other basic services.

Nearly ten percent (10%) of Palestinian communities in the West Bank remain without access to piped potable water systems. Palestinian per capita domestic water consumption in the West Bank remains about 18 gallons (70 liters) per day. This is well below World Health Organization minimum quantity standards required to promote good health and wellbeing, and represents only about 15 to 25 percent of the Israeli per capita daily consumption. Without any intervention, the gap between growing demand and the system's limited ability to supply enough water is expected to approximately triple in the next few years.

Furthermore, deteriorating Palestinian water infrastructure is affecting many Palestinian communities already connected to existing bulk water supply systems. Deteriorated and leaking water distribution networks often result in unsustainable water losses, in some cases reaching fifty percent (50%). Proper facilities' operations and maintenance is improving, but has been largely nonexistent due to the Palestinian Authority's internal funding constraints and limited technical capacity. Service reliability has historically been poor, with interruptions often lasting up to three weeks, leaving many connected Palestinian communities with little to no water during the hot and dry summer months when demand for water is greatest. To meet their minimum water needs, many Palestinians are forced to rely on unsanitary water purchased from unregulated tanker trucks at significant expense. In Palestinian communities not connected at all to the water network, this can consume as much as thirty percent (30%) of household budgets.

The situation in the sanitation sector is even more alarming. Some 7.7 to 8.2 billion gallons of wastewater are generated annually by Palestinians in the West Bank and less than half of the residents are connected to a sewage collection network. Only 25 percent to 35 percent of wastewater generated annually in the West Bank is collected and less than 3 percent is treated. Most wastewater is either discharged into leaking septic tanks, unregulated cesspits or is allowed to flow directly into the wadis (dry river beds), causing local health problems and increasing the potential of widespread contamination of the water aquifers on which both Israelis and Palestinians rely.

Another serious problem facing Palestinian communities is the continuing deterioration of existing infrastructure in the health, education, and transportation sectors and the lack of new infrastructure to meet the needs of the growing population. Individuals living in remote communities in the West Bank face movement restrictions and have limited access to health facilities, preventing many individuals from receiving essential services and posing significant safety risks especially to mothers and young children. In the education sector, despite major gains in enrollment, there simply aren't enough new classrooms to meet the needs of the growing population and many existing educational facilities in the West Bank are in deteriorating condition or lack adequate classrooms and playground facilities. Children in many communities

must walk long distances under dangerous conditions in order to reach their schools, leading many, particularly females, to drop out of school. Furthermore, according to the Palestinian Reform and Development Plan almost 30 percent of the road network in the West Bank requires reconstruction.

Sustainability is also a pressing concern. Infrastructure development in the West Bank has traditionally focused on meeting immediate needs at the lowest construction cost. At times, this can result in higher life-cycle costs --such as increased operation and maintenance costs or equipment/material replacement costs-- that are passed along to the community or the Palestinian Authority. Given that limited technical and funding resources exist both at the PA and the community level to ensure proper operation and maintenance of installed infrastructure and facilities, this has at times resulted in suboptimal performance of installed infrastructure or a faster than expected deterioration of constructed facilities.

2. The Development Problem

The USAID/West Bank and Gaza (USAID/WBG) Mission's infrastructure strategy is to improve social and economic development through increased access to new and improved public infrastructure facilities and services. As part of this strategy, the Mission has funded the construction of large-scale water and roads infrastructure as well as smaller, village-scale health and education projects throughout the West Bank. This mixed approach meets the PA's priorities in the West Bank while also addressing the needs of rural, vulnerable or under-served communities in both the West Bank and Gaza.

Currently, USAID/WBG is funding the design and construction of large scale road, water and wastewater projects through the Infrastructure Needs Program. The emergency water and sanitation needs of rural, vulnerable or under-served communities in both the West Bank and Gaza are being addressed through the Emergency Water and Sanitation Program (EWAS I and EWAS II). This program is expected to end by 2013.

USAID/WBG is also addressing the needs of rural, vulnerable or under-served communities in the West Bank through the Local Government and Infrastructure Program (LGI). Through a participatory process, LGI engages communities to provide the basic infrastructure needed for sustainable improvements in the quality of life of Palestinians and promotes an enabling environment for good local governance. LGI, however, generally focuses on addressing the needs of target communities for physical facilities such as schools, clinics, municipal buildings and youth centers.

In the water sector, there is a pressing need to connect rural, vulnerable or under-served communities without piped water systems to existing bulk water supply systems and to rehabilitate existing deteriorated water distribution networks. New connections will dramatically improve household budgets in these communities, improve health and well-being, and contribute to the achievement of Palestinian Authority goals. Water loss reduction through improved infrastructure has the potential to save as much as 10 billion gallons per year and help address the growing water supply/demand deficit.

Additionally, in the wastewater sector, few communities have proper sewage collection systems, with most of the sewage produced being discharged untreated directly into the environment. New collection networks in target communities will eliminate household reliance on unregulated cesspits and leaky septic tanks and will facilitate future connection to planned wastewater treatment plants.

A new program is therefore needed to respond to the water and sanitation-related needs of rural, vulnerable or under-served communities in the West Bank and to complement other USAID activities in selected locations.

3. Program Objective

The Palestinian Community Infrastructure Development (PCID) Program aims to increase Palestinian access to water, sanitation and other small and medium scale community infrastructure in the West Bank.

This focus will be complemented by a minimum stand-by capability to respond rapidly to needs in Gaza should political and security conditions require. Any interventions in Gaza will be identified and discussed by USAID and the implementing partner on a case by case basis after award. No interventions in Gaza are contemplated at this time.

Accordingly, PCID will meet the following objectives:

Increase access to water and sanitation systems, reduce water losses and enhance water and sanitation system sustainability:

PCID will construct new and renovate existing water and sanitation networks and systems to provide communities with new water connections, improve the reliability of water delivery, reduce water losses from deteriorating or otherwise inadequate infrastructure, and reduce the potential of long-term contamination of the water aquifers. At least sixty percent (60%) of PCID resources will be used to address water and sanitation needs in Palestinian communities.

Increase the impact of USAID-funded programs in health, democracy and governance, education and the private sector by addressing underlying infrastructure needs which may be limiting the impact of those programs:

PCID will also have the capacity to support the construction of other infrastructure needed to address critically needed basic infrastructure shortages. These activities include the construction and renovation of health facilities, schools and youth centers, as well as the implementation of other community infrastructure projects.

Respond rapidly to urgent water, sanitation and other public infrastructure needs:

PCID will provide rapid response to urgent infrastructure needs in the West Bank, East Jerusalem or Gaza identified in coordination with USAID.

Window of Opportunity:

Up to 5 percent of the total budget may be reserved for unforeseen priority opportunities which adhere to the overall objective of the project.

4. Technical Considerations

Contingent upon the availability of funds, USAID/WBG intends to award an assistance instrument (cooperative agreement) to support the PCID initiative. USAID anticipates that one assistance instrument will be awarded.

PCID will focus on rural, vulnerable or under-served communities in the West Bank that face serious shortages in basic services. This is consistent with the “Palestinian National Development Plan 2011-13,” (PNDP) which stresses the importance of connecting marginalized communities to public infrastructure networks. The quality of life in these communities continues to lag far behind other West Bank communities, and significant disparities abound between rural and urban communities within the same districts. The PNDP stresses the importance of investing in national infrastructure to enable the rapid implementation of social and economic development initiatives and interventions in all Palestinian communities.

PCID is expected to achieve its program objectives despite the problems of constrained access and mobility and other difficulties associated with the current tense political and security situation in the West Bank. In light of this, any applicant’s proposed technical approach to achieving the stated objectives must demonstrate explicit capabilities to concurrently implement water, sanitation and other infrastructure activities under difficult and rapidly changing operating conditions.

The key principles guiding the technical approach should include: meeting water and sanitation needs of selected communities; technical excellence in design; effective coordination mechanisms; gender sensitivity and sound sustainability mechanisms.

The Recipient’s main responsibility under PCID is to ensure proper monitoring and evaluation of all activities implemented under the program. To successfully implement PCID, the Recipient should consider implementing PCID projects through partnerships with competent local engineering and construction firms to ensure that the needed planning, engineering design, construction and construction oversight of PCID infrastructure projects achieve the objectives of this program. Selecting competent, qualified and capable local firm(s) to partner with is a key factor to the successful implementation of high quality infrastructure work.

Program design should be based to a great extent on the ongoing water, sanitation and other infrastructure needs in the West Bank. The mid-term evaluation of the USAID-funded Emergency Water and Sanitation and Other Infrastructure Program (EWAS II) which was conducted in February and March 2012, will help shape program design and inform the project selection process.

PCID will build on past USAID program evaluations and community needs assessments to develop an initial rapid assessment that identifies unmet needs (primarily in the water and sanitation sectors and secondarily in other sectors) and conceptually proposes sustainable solutions/options. This assessment should build on the “Community Vulnerability Assessment” conducted in December 2010 by the Applied Research Institute – Jerusalem (ARIJ). A summary of the main findings of the assessment is attached to this Program Description as “Attachment B.” The ARIJ assessment identified a list of the most vulnerable communities in the West Bank and ranked communities based on data collected on the water and wastewater, education, health, economy and food security, physical infrastructure and development sectors. While the ARIJ assessment should help inform the PCID project selection process, all applications should clearly explain the proposed assessment methodology and clearly describe the proposed criteria for the selection of communities and projects.

The Recipient must hold consultations with PA counterparts, specifically the Palestinian Water Authority (PWA) and the West Bank Water Department (WBWD), to seek their inputs and considerations in the development of final prioritized lists of communities identified as requiring

assistance. Furthermore, in coordination with USAID and through the USAID/WBG inter-office collaborative process, other infrastructure will be identified for improvement such as education, health, and other public facilities. Assistance may also include the provision of training and equipment to help local communities operate and maintain any new facilities. USAID and the Recipient will agree to prioritized lists of communities and their respective infrastructure needs based on stakeholder input, evaluations, and on field assessments.

It is critical that the Recipient's PCID team be able to mobilize quickly; rapidly and effectively assess water, sanitation and other community-level public infrastructure needs; develop sustainable solutions that the community and/or PA are technically and financially capable of operating and maintaining; and accelerate the planning, design and construction process while maintaining transparency and quality standards.

5. Coordination Mechanisms

The Recipient must present to USAID, in their application and in subsequent work plans, their proposed methods of coordination and any proposed coordination mechanisms. The Recipient is expected to seek input from and coordinate closely with Palestinian ministries and institutions, local NGOs and USAID implementing partners to annually update and maintain prioritized lists of communities that are in need of improved infrastructure.

Furthermore, the infrastructure project planning, design and implementation process will require extensive coordination efforts throughout with the Israeli District Civil Liaison Office (DCL) in order to achieve requisite permits when activities are located in areas under full Israeli administrative control (i.e. Area C of the West Bank as designated by the Oslo Accords); security approvals when activities are located in areas under Israeli security control (i.e. Area B of the West Bank as designated by the Oslo Accords); and to allow the entry and movement of construction staff, equipment and materials into and within the West Bank throughout any construction activities.

The Recipient is expected to develop a positive working relationship with Israeli and Palestinian authorities and to lead any coordination needed between target municipalities and the DCL. USAID will play an active role by assisting in, but not assuming the primary responsibility for, developing a coordination mechanism among these different stakeholders; primary responsibility resides with the Recipient.

As per established Mission policy, contact by USAID or its partners is not allowed with any individuals affiliated with a Foreign Terrorist Organization (FTO). Contact means any meeting, telephone conversation or other communication, oral or written.

6. Expected Outcomes and Results

At least sixty percent (60%) of PCID activities will be in the water and sanitation sectors. The program is expected to increase connectivity to clean potable water networks and reduce water losses in rural, vulnerable or under-served Palestinian communities. In addition, the program will alleviate some of the problems caused by deteriorated or otherwise inadequate sewage and sanitation systems in some of the most affected Palestinian communities. The program will also meet selected basic infrastructure needs by constructing and rehabilitating physical facilities such as health centers, schools and youth centers, as well as implementing community infrastructure projects, including but not limited to the construction and rehabilitation of parks, libraries,

sidewalks and roads leading to public infrastructure. Program activities may also include the paving and upgrading of sidewalks and roads needed to improve access to physical facilities.

While the specific number of systems and/or facilities cannot be determined at this stage, it is estimated that within the five years of program implementation, more than 80 water and/or sanitation systems, and more than 50 education, health and other public facilities will be constructed or rehabilitated.

7. Gender

USAID/WBG recently commissioned a gender analysis of its programs, which identified gaps and recommendations for future activities. The four gaps identified in the infrastructure sector were:

- The lack of gender sensitivity in community needs assessments.
- The infrastructure sector largely remains male-dominated. Women are perceived as beneficiaries rather than contributors.
- Insufficient opportunities exist for women and youth to participate in maintenance training programs to enable new infrastructure business start-ups.
- Sex-disaggregated employment and infrastructure business data are weak and provide insufficient insights on the participation of women and men and other gender issues in infrastructure.

The program will encourage the inclusion of women among project staff and the PCID Request for Application (RFA) will require bidding nongovernmental organizations (NGOs) to include a section addressing one or more of the four above-mentioned gender gaps. In developing its plans to address one or more of the identified gender gaps, the Recipient should involve female community members whenever applicable in the selection, design, follow-up and supervision of activities. Additionally, separate assessment meetings with male and female community members should be led by male or female facilitators (as appropriate) in order to gain a more gender-balanced view of the communities' priorities. As a result, it is estimated that more than 20 activities will be implemented to address women's needs in the community.

The process of project identification must be designed to explicitly encourage the proactive identification and incorporation of the needs expressed by women in the community. Applicants are encouraged to include new opportunities for women, particularly disadvantaged or vulnerable women, and to design activities that improve the living conditions and the quality of life for Palestinian women and their families. Based on the different needs and roles of men and women (boys/girls), strategies for addressing these needs and for ensuring full female participation in all proposed activities must be part of the methodology/proposed approach.

Furthermore, the program strategy shall demonstrate how activities will be monitored, tracked and evaluated to measure the impact on women. USAID will evaluate the gender approaches included in each application. During program implementation, USAID will monitor the Recipient to ensure that gender equity concerns are met in all aspects of PCID implementation.

8. Environmental Guidelines

1a) The Foreign Assistance Act of 1961, as amended, Section 117 requires that the impact of USAID's activities on the environment be considered and that USAID include environmental sustainability as a central consideration in designing and carrying out its development programs. This mandate is codified in Federal Regulations (22 CFR 216) and in USAID's Automated Directives System (ADS) Parts 201.3.11(b) and 204 (<http://www.usaid.gov/policy/ads/200/>), which, in part, require that the potential environmental impacts of USAID-financed activities be identified prior to a final decision to proceed in implementing the program and that appropriate environmental safeguards are adopted for all activities. Environmental compliance requirements under these regulations and procedures are specified in the following paragraphs of this RFA.

1b) In addition, the recipient must comply with host country environmental regulations unless otherwise directed in writing by USAID. In case of conflict between host country and USAID regulations, the latter shall govern.

1c) No activity funded under this Cooperative Agreement will be implemented unless an environmental threshold determination, as defined by 22 CFR 216, has been reached for that activity, as documented in a Request for Categorical Exclusion (RCE), Initial Environmental Examination (IEE), or Environmental Assessment (EA) duly signed by the Bureau Environmental Officer (BEO). (Hereinafter, such documents are described as "approved Regulation 216 environmental documentation.")

2) An Initial Environmental Examination (IEE) is in approval processing for the program funding this RFA. The IEE covers activities expected to be implemented under this Palestinian Community Infrastructure Development program. USAID is considering a Negative Determination with conditions to one or more of the proposed activities. This indicates that if these activities are implemented subject to the specified conditions, they are expected to have no significant adverse effect on the environment. The successful applicant shall be responsible for implementing all IEE conditions pertaining to activities to be funded under this RFA.

3) The IEE also contains a Positive Determination for large-scale construction activities. This indicates that these activities have the potential for significant adverse effects on the environment. Accordingly, if a need for the implementation of large-scale construction activities is identified during program implementation, and if the identified interventions fall under "classes of actions normally having a significant effect on the environment" as described under 22 CFR 216.2(d), the recipient will be required to prepare and submit a Scoping Statement (SS) and an Environmental Assessment (EA) addressing the environmental concerns raised by these activities. No activity identified under this Positive Determination can proceed until (SS) as described in §216.3(a)(4) and an EA as described in §216.6 are completed and approved by USAID.

4a) As part of its initial Work Plan, and all Annual Work Plans thereafter, the recipient, in collaboration with the USAID Contracting Officer Representative (COR) and Mission Environmental Officer or Bureau Environmental Officer, as appropriate, shall review all ongoing and planned activities under this Cooperative Agreement to determine if they are within the scope of the approved Regulation 216 environmental documentation.

4b) If the recipient plans any new activities outside the scope of the approved Regulation 216 environmental documentation, it shall prepare an amendment to the documentation for USAID review and approval. No such new activities shall be undertaken prior to receiving written USAID approval of environmental documentation amendments.

4c) Any ongoing activities found to be outside the scope of the approved Regulation 216 environmental documentation shall be halted until an amendment to the documentation is submitted and written approval is received from USAID.

5a) When the approved Regulation 216 documentation is (1) an IEE that contains one or more Negative Determinations with conditions and/or (2) an EA, the recipient shall:

5b) Unless the approved Regulation 216 documentation contains a complete environmental mitigation and monitoring plan (EMMP) or a project mitigation and monitoring (M&M) plan, the recipient shall prepare an EMMP or M&M Plan describing how the recipient will, in specific terms, implement all IEE and/or EA conditions that apply to proposed project activities within the scope of the award. The EMMP or M&M Plan shall include monitoring the implementation of the conditions and their effectiveness.

5c) Integrate a completed EMMP or M&M Plan into the initial work plan.

5d) Integrate an EMMP or M&M Plan into subsequent Annual Work Plans, making any necessary adjustments to activity implementation in order to minimize adverse impacts to the environment.

6a) Cost and technical proposals must reflect IEE or EA preparation costs and approaches.

6b) Recipient will be expected to comply with all conditions specified in the approved IEE and/or EA.

6c) If an IEE, as developed by the recipient and approved by USAID, includes a Positive Determination for one or more activities, the recipient will be required to develop and submit an EA addressing these activities.

7a) USAID anticipates that environmental compliance and achieving optimal development outcomes for the proposed activities will require environmental management expertise. Applicants should therefore include as part of their application their approach to achieving environmental compliance and management, to include:

7b) The applicant's approach to developing and implementing an EA and an EMMP or M&M Plan.

7c) The applicant's approach to providing necessary environmental management expertise, including examples of past experience of environmental management of similar activities.

7d) The applicant's illustrative budget for implementing the environmental compliance activities. For the purposes of this RFA, applicants should reflect illustrative costs for environmental compliance implementation and monitoring in their cost proposal.

9. Key Personnel

The following Key Personnel are essential and necessary for the successful implementation of this program. USAID designated the following Key Personnel positions:

1. Chief of Party (COP)

2. Chief Engineer
3. Reporting and Monitoring Manager

Additionally, the Applicant should take into consideration the technical requirements of the RFA, and shall identify two (2) additional Key Personnel in the management structure of the program.

The proposed personnel should meet the following requirements:

Chief of Party

The Chief of Party shall have a solid understanding and experience with the development issues in the West Bank and Gaza, specifically as they relate to water and sanitation services as well as other infrastructure activities covered under this RFA. The COP shall be able to demonstrate expertise in planning, management, supervision and budgeting as well as the ability to build consensus among program partners and lead multi-disciplinary teams. Relevant experience in managing community infrastructure development programs as well as strong communication and interpersonal skills are required. Understanding of USAID regulation and requirements is necessary as well as fluency in Arabic and English.

Chief Engineer

The Chief Engineer shall have a strong understanding of and experience in different sectors, including water, sanitation, and civil engineering. Furthermore, the Chief Engineer shall have a solid understanding of 22 CFR 216 Environmental Compliance rules and regulations. The Chief Engineer shall have experience in engineering and environmental issues in the West Bank and Gaza, specifically as they relate to water, sanitation and other infrastructure activities covered under this RFA. Understanding of USAID regulation and requirements is necessary as well as fluency in Arabic and English.

Reporting and Monitoring Manager

The Reporting and Monitoring Manager shall have a solid understanding of and experience with reporting, monitoring and evaluation methods, and shall have a solid understanding of the development issues in the West Bank and Gaza, specifically as they relate to infrastructure activities covered under this RFA. Relevant experience in reporting, monitoring and evaluating community infrastructure development programs, as well as strong communication and interpersonal skills, are required. Understanding of USAID regulation and requirements is necessary as well as fluency in Arabic and English.

B. Authorizing Legislation

The authorizing legislation for this Cooperative Agreement is the Foreign Assistance Act of 1961, as Amended, and the award is subject to 22 CFR 226 – Administration of Assistance Awards to U.S. Non-Governmental Organizations.

C. Authorized Geographic Code

The authorized geographic code for this award is 937 defined as the United States, the Cooperating Country (Israel, West Bank and Gaza), and developing countries other than advanced developing countries, and excluding prohibited sources.

For accurate identification of developing countries, advanced developing countries, and prohibited sources, please refer to Automated Directive System (ADS) 310 entitled “Source and Nationality Requirements for Procurement of Commodities and Services Financed by USAID.

D. Award and Administration Information

Award: The Government anticipates awarding one Cooperative Agreement for a five year term resulting from this RFA to the responsible Applicant whose application conforms to the requirements of this RFA (see also Section V of this RFA for evaluation criteria) and offers the greatest value to the Government. The Government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application, (d) accept alternate applications, and (e) waive informalities and minor irregularities in applications received.

The Government may make an award on the basis of initial applications received, without discussions. Therefore, each initial application should contain the Applicant’s best terms from a technical and cost standpoint.

Authority to Obligate the Government: The Agreement Officer is the only individual authorized to commit the U.S. Government to the expenditure of public funds. No costs chargeable to the proposed Cooperative Agreement may be incurred before receipt of either a fully executed Cooperative Agreement or a specific, written authorization from the Agreement Officer.

USAID Management of Activities: The Agreement Officer (AO) shall serve as the primary agreement contact between USAID and the Recipient. The Agreement Officer’s Representative (AOR) will serve as the primary technical contact between USAID and the Recipient. The AOR will assist in linking Palestinian Community Infrastructure Development with other projects and other donors/foundations.

Award Administration: The prospective award will be administered in accordance with 22 CFR 226, OMB Circulars and the Mandatory Standard Provisions for U.S Non-governmental Recipients as well as other as Applicable Standard Provisions and Mission Special Provisions.

Program Income: Program income is not expected to be generated by the Recipient implementing the Cooperative Agreement. However, any program income that is generated under the resulting award shall be in accordance with 22 CFR 226.24 and shall account for Program Income earned under this award and shall be added to the project as follows:

In accordance with 22 CFR 226.24 (b) “Except as provided in paragraph (h) of this section, program income earned during the project period shall be retained by the recipient and, in accordance with USAID regulations, other implementing guidance, or the terms and conditions of the award, shall be added to funds committed by USAID and the recipient to the project or program, and used to further eligible project or program objectives.”

[END SECTION I]

SECTION II – AWARD INFORMATION

A. Estimated Funds

The estimated ceiling for this RFA is \$100 million. Funds may be provided in increments subject to availability of funds, successful implementation and continued relevance to USAID. Pending the availability of funds USAID expects to award one cooperative agreement as a result of this RFA.

B. Period of Performance

The anticipated start date on or about August 30, 2012 and the period of performance is a five years from the start date of the award.

C. Substantial Involvement

USAID/West Bank Gaza anticipates a close working partnership with the implementing partner for this award. USAID will exercise substantial involvement under this Cooperative Agreement in the following ways:

1. Approval of the Recipient's Annual Implementation Plans. Further guidance on the annual implementation plan is specified in Section VI. D "Reporting Requirements".
2. Approval of key positions and any changes to specified Key Personnel;
3. USAID and Recipient collaboration or joint participation, which may include selection of advisory committee members and collaborative involvement in any steering committee formed, if applicable.
4. Approval of sub-award Recipients and concurrence on the substantive provisions of sub-awards, including approval of the designs of construction activities.
5. Approval of Monitoring and Evaluation Plan.
6. Monitoring to authorize specified kinds of direction or redirection because of interrelationships with other projects. Where there are specific elements in the proposed program for which USAID's technical knowledge would benefit the recipient's successful accomplishment of stated program objectives, the direct provision of USAID expertise and ongoing USAID participation in the program can be authorized.
7. The AO may immediately halt a construction activity if identified specifications are not met. The Recipient must attach the identified specifications to the sub-award when it is being executed. Any material changes to the specifications must be treated as an amendment to the sub-award.

D. Title to Property

Property Title under the resultant Agreement shall vest with the Recipient in accordance with the requirements of 22 CFR **226.30**.

[END SECTION II]

SECTION III – ELIGIBILITY INFORMATION

A. Eligibility Requirements

U.S.-based non-governmental organizations are eligible to submit applications. Applications from Non-U.S. organizations as well as Public International Organizations will not be considered.

USAID welcomes applications from organizations which have not previously done business with USAID.

Applicants must have established financial management, monitoring and evaluation, internal control systems, and policies and procedures that comply with established U.S. Government standards, laws, and regulations. The successful applicant(s) will be subject to a responsibility determination issued by a warranted Agreement Officer (AO) in USAID.

The Recipient must be a responsible entity. The AO may determine a pre-award survey is required and if so, would establish a formal survey team to conduct an examination that will determine whether the prospective recipient has the necessary organization, experience, accounting and operational controls, and technical skills – or ability to obtain them – in order to achieve the objectives of the program.

B. Cost Share

USAID has established a suggested cost share of 15% of the Award's projected value of \$100 million for the recipient of the award. Such funds may be mobilized from the recipient; other multilateral, bilateral, and foundation donors; host governments; and local organizations, communities and private businesses that contribute financially and in-kind to implementation of activities at the country level. For guidance on cost sharing in grants and cooperative agreements, please see 22 CFR 226.23 at <http://ecfr.gpoaccess.gov> and search under Title 22 Foreign Relations.

[END SECTION III]

SECTION IV – APPLICATION AND SUBMISSION INFORMATION

A. Point of Contact

Claudia Koziol, Agreement Officer
USAID/West Bank and Gaza
Tel.: +972-3-519-8507
E-mail: ckoziol@usaid.gov

Questions and Answers:

Any questions regarding this RFA should be submitted in writing to Ms. Claudia Koziol, Agreement Officer via e-mail to the address above.

Questions regarding this RFA should be submitted no later than Monday, April 23, 2012 to provide sufficient time to address the questions and incorporate the questions and answers as an amendment to this solicitation. Verbal explanations or instructions given before award will not be binding. Any information given to a prospective Applicant concerning this RFA will be furnished promptly to all other prospective Applicants as an amendment to this RFA, if that information is necessary in submitting applications or if the lack of it would be prejudicial to any other prospective Applicant.

Preparation of Applications:

Applications shall be submitted in two separate parts: (a) technical application, and (b) cost or business application.

Applicants are expected to review, understand, and comply with all aspects of this RFA. Failure to do so will be at the Applicant's risk.

Each Applicant shall furnish the information required by this RFA. The Applicant must sign and submit with the cost application form SF-424, and print or type its name on the Cover Page of the technical and cost applications. Erasures or other changes must be initialed by the person signing the application. Applications signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

Standard Forms be accessed electronically at the following URL:
http://www.grants.gov/agencies/aapproved_standard_forms.jsp

Applicants who include data that they do not want disclosed to the public for any purpose or used by the U.S. Government except for evaluation purpose, should mark the title page with the following legend:

“This application includes data that shall not be disclosed outside the U.S. Government and shall not be duplicated, used, or disclosed – in whole or in part – for any purpose other than to evaluate this application. If, however, a grant is awarded to this Applicant as a result of – or in connection with – the submission of this data, the U.S. Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting grant. This restriction does not limit the U.S. Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets”. and, mark each sheet of data it wished to restrict with the following legend:

“Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this application.”

Applicants should retain for their records one (1) copy of the application and all enclosures which accompany it.

B. Required Certifications

CERTIFICATIONS, ASSURANCES AND OTHER STATEMENTS OF THE RECIPIENT (MAY 2006)

NOTE: [1] When these Certifications, Assurances, and Other Statements of Recipient are used for Cooperative Agreements, the term "Grant" means "Cooperative Agreement". [2] The Recipient must obtain from each identified sub-grantee and (sub) contractor, and submit with its application/proposal, the Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Transactions, set forth hereto. The Recipient should reproduce additional copies as necessary.

PART I

1. ASSURANCE OF COMPLIANCE WITH LAWS AND REGULATIONS GOVERNING NON-DISCRIMINATION IN FEDERALLY ASSISTED PROGRAMS

(a) The Recipient hereby assures that no person in the United States shall, on the bases set forth below, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under, any program or activity receiving financial assistance from USAID, and that with respect to the grant for which application is being made, it will comply with the requirements of:

(1) Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352, 42 U.S.C. 2000-d) , which prohibits discrimination on the basis of race, color or national origin, in programs and activities receiving Federal financial assistance;

(2) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination on the basis of handicap in programs and activities receiving Federal financial assistance;

(3) The Age Discrimination Act of 1975, as amended (Pub. L. 95-478), which prohibits discrimination based on age in the delivery of services and benefits supported with Federal funds;

(4) Title IX of the Education Amendments of 1972 (20 U.S.C. 1681, et seq.), which prohibits discrimination on the basis of sex in education programs and activities receiving Federal financial assistance (whether or not the programs or activities are offered or sponsored by an educational institution); and

(5) USAID regulations implementing the above nondiscrimination laws set forth in Chapter II of Title 22 of the Code of Federal Regulations.

(b) If the Recipient is an institution of higher education, the Assurances given herein extend to admission practices and to all other practices relating to the treatment of students or clients of the institution, or relating to the opportunity to participate in the provision of services or other benefits to such individuals, and shall be applicable to the entire institution unless the Recipient establishes to the satisfaction of the USAID Administrator that the institution's practices in designated parts or programs of the institution will in no way affect its practices in the program of the institution for which financial assistance is sought, or the beneficiaries of, or participants in, such programs.

(c) This assurance is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts, or other Federal financial assistance extended after the date hereof to the Recipient by the Agency, including installment payments after such date on account of applications for Federal financial assistance which was approved before such date. The Recipient recognizes and agrees that such Federal financial assistance will be extended in reliance on the representations and agreements made in this Assurance, and that the United States shall have the right to seek judicial enforcement of this Assurance. This Assurance is binding on the Recipient, its successors, transferees, and assignees, and the person or persons whose signatures appear below are authorized to sign this Assurance on behalf of the Recipient.

2. CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any Cooperative Agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or Cooperative Agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or Cooperative Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and Cooperative Agreements) and that all sub-Recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, United States Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that: If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report

Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

3. CERTIFICATION REGARDING TERRORIST FINANCING IMPLEMENTING EXECUTIVE ORDER 13224

By signing and submitting this application, the prospective Recipient provides the certification set out below:

1. The Recipient, to the best of its current knowledge, did not provide, within the previous ten years, and will take all reasonable steps to ensure that it does not and will not knowingly provide, material support or resources to any individual or entity that commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated, or participated in terrorist acts, as that term is defined in paragraph 3.
2. The following steps may enable the Recipient to comply with its obligations under paragraph 1:
 - a. Before providing any material support or resources to an individual or entity, the Recipient will verify that the individual or entity does not (i) appear on the master list of Specially Designated Nationals and Blocked Persons, which list is maintained by the U.S. Treasury's Office of Foreign Assets Control (OFAC) and is available online at OFAC's website: <http://www.treas.gov/offices/eotffc/ofac/sdn/t11sdn.pdf>, or (ii) is not included in any supplementary information concerning prohibited individuals or entities that may be provided by USAID to the Recipient.
 - b. Before providing any material support or resources to an individual or entity, the Recipient also will verify that the individual or entity has not been designated by the United Nations Security (UNSC) sanctions committee established under UNSC Resolution 1267 (1999) (the "1267 Committee") [individuals and entities linked to the Taliban, Usama bin Laden, or the Al Qaida Organization]. To determine whether there has been a published designation of an individual or entity by the 1267 Committee, the Recipient should refer to the consolidated list available online at the Committee's website: <http://www.un.org/Docs/sc/committees/1267/1267ListEng.htm>.
 - c. Before providing any material support or resources to an individual or entity, the Recipient will consider all information about that individual or entity of which it is aware and all public information that is reasonably available to it or of which it should be aware.

- d. The Recipient also will implement reasonable monitoring and oversight procedures to safeguard against assistance being diverted to support terrorist activity.
- 3. For purposes of this Certification-
 - a. “Material support and resources” means currency or monetary instruments or financial securities, financial services, lodging, training, expert advice or assistance, safehouses, false documentation or identification, communications equipment, facilities, weapons, lethal substances, explosives, personnel, transportation, and other physical assets, except medicine or religious materials.”
 - b. “Terrorist act” means-
 - (i) an act prohibited pursuant to one of the 12 United Nations Conventions and Protocols related to terrorism (see UN terrorism conventions Internet site: <http://untreaty.un.org/English/Terrorism.asp>); or
 - (ii) an act of premeditated, politically motivated violence perpetrated against noncombatant targets by subnational groups or clandestine agents; or
 - (iii) any other act intended to cause death or serious bodily injury to a civilian, or to any other person not taking an active part in hostilities in a situation of armed conflict, when the purpose of such act, by its nature or context, is to intimidate a population, or to compel a government or an international organization to do or to abstain from doing any act.
 - c. “Entity” means a partnership, association, corporation, or other organization, group or subgroup.
 - d. References in this Certification to the provision of material support and resources shall not be deemed to include the furnishing of USAID funds or USAID-financed commodities to the ultimate beneficiaries of USAID assistance, such as Recipients of food, medical care, micro-enterprise loans, shelter, etc., unless the Recipient has reason to believe that one or more of these beneficiaries commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated or participated in terrorist acts.
 - e. The Recipient’s obligations under paragraph 1 are not applicable to the procurement of goods and/or services by the Recipient that are acquired in the ordinary course of business through contract or purchase, e.g., utilities, rents, office supplies, gasoline, etc., unless the Recipient has reason to believe that a vendor or supplier of such goods and services commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated or participated in terrorist acts.

This Certification is an express term and condition of any agreement issued as a result of this application, and any violation of it shall be grounds for unilateral termination of the agreement by USAID prior to the end of its term.

Signature: _____	Date: _____
Name: _____	Title/Position: _____

PART II

OTHER STATEMENTS OF RECIPIENT

1. AUTHORIZED INDIVIDUALS

The Recipient represents that the following persons are authorized to negotiate on its behalf with the Government and to bind the Recipient in connection with this application or grant:

<u>Name</u>	<u>Title</u>	<u>Telephone Number</u>	<u>Facsimile Number</u>
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

2. TAXPAYER IDENTIFICATION NUMBER (TIN)

If the Recipient is a U.S. organization, or a foreign organization which has income effectively connected with the conduct of activities in the U.S. or has an office or a place of business or a fiscal paying agent in the U.S., please indicate the Applicant's/grantee's TIN:

TIN: _____

3. CONTRACTOR IDENTIFICATION NUMBER -DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER

(a) In the space provided at the end of this provision, the Recipient should supply the Data Universal Numbering System (DUNS) number applicable to that name and address. Recipients should take care to report the number that identifies the Recipient's name and address exactly as stated in the application/proposal.

(b) The DUNS is a 9-digit number assigned by Dun and Bradstreet Information Services. If the Recipient does not have a DUNS number, the Recipient should call Dun and Bradstreet directly at 1- 800-333-0505. A DUNS number will be provided immediately by telephone at no charge to the Recipient. The Recipient should be prepared to provide the following information:

- (1) Recipient's name.
- (2) Recipient's address.
- (3) Recipient's telephone number.
- (4) Line of business.
- (5) Chief executive officer/key manager.
- (6) Date the organization was started.
- (7) Number of people employed by the Recipient.
- (8) Company affiliation.

(c) Recipients located outside the United States may obtain the location and phone number of the local Dun and Bradstreet Information Services office from the Internet Home Page at <http://www.dbisna.com/dbis/customer/custlist.htm>. If an offeror is unable to locate a local service center, it may send an e-mail to Dun and Bradstreet at globalinfo@dbisma.com.

The DUNS system is distinct from the Federal Taxpayer Identification Number (TIN) system.

DUNS: _____

4. LETTER OF CREDIT (LOC) NUMBER

If the Recipient has an existing Letter of Credit (LOC) with USAID, please indicate the LOC number.

LOC: _____

5. TYPE OF ORGANIZATION

The Recipient, by checking the applicable box, represents that -

(a) If the Recipient is a U.S. entity, it operates as ☐ a corporation incorporated under the laws of the State of _____, ☐ an individual ☐ a partnership, ☐ a non-governmental nonprofit organization, ☐ a state or local governmental

organization, ☐ a private college or university, ☐ a public college or university, ☐ an international organization, or ☐ a joint venture; or

(b) If the Recipient is a U.S. entity, it ☐ is, ☐ is not a Gray Amendment entity, as defined below.

(c) If the Recipient is a Gray Amendment Entity, it is ☐ a business concerns (as defined in 48 CFR 19.001) owned and controlled by socially and economically disadvantaged individuals (as defined in 48 CFR 726.101), ☐ an institution designated by the Secretary of Education, pursuant to 34 CFR 608.2, as a historically black college or university (HBCU) , ☐ a college or university having a student body in which more than 40% of the students are Hispanic American, or ☐ a private voluntary organization which is controlled by individuals who are socially and economically disadvantaged (as defined in 48 CFR 726.101).

(d) If the Recipient is a non-U.S. entity, it operates as ☐ a corporation organized under the laws of _____ (country), ☐ an individual, ☐ a partnership, ☐ a nongovernmental nonprofit organization, ☐ a nongovernmental educational institution, ☐ a governmental organization, ☐ an international organization, or ☐ a joint venture.

6. PAST PERFORMANCE REFERENCES

On a continuation page, please provide past performance information requested in the RFA.

7. ESTIMATED COSTS OF COMMUNICATIONS PRODUCTS

The following are the estimate(s) of the cost of each separate communications product (i.e., any printed material [other than non-color photocopy material], photographic services, or video production services) which is anticipated under the grant. Each estimate must include all the costs associated with preparation and execution of the product. Use a continuation page as necessary.

8. PROCUREMENT INFORMATION

(a) Applicability. This applies to the procurement of goods and services planned by the Recipient (i.e., contracts, purchase orders, etc.) from a supplier of goods or services for the direct use or benefit of the Recipient in conducting the program supported by the grant, and not to assistance provided by the Recipient (i.e., a sub-grant or sub-agreement) to a sub-grantee or sub-Recipient in support of the sub-grantee's or sub Recipient's program. Provision by the Recipient of the requested information does not, in and of itself, constitute USAID approval.

(b) Amount of Procurement. Please indicate the total estimated dollar amount of goods and services which the Recipient plans to purchase under the grant: \$ _____

(c) Nonexpendable Property. If the Recipient plans to purchase nonexpendable equipment, which would require the approval of the Agreement Officer, please indicate below (using a continuation page, as necessary) the types, quantities of each, and estimated unit costs. Non-expendable equipment for which the Agreement Officer's approval to purchase is required is any article of nonexpendable tangible personal property charged directly to the grant. having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

Type/Description (Generic)	Quantity	Estimated Unit Cost

(d) Source, Origin, and Component of Goods. If the Recipient plans to purchase any goods/commodities which are not of U.S. source and/or U.S. origin, and/or does not contain at least 50% component entry which are not at least 50% U.S. source and origin, please indicate below (using a continuation page, as necessary) the types and quantities of each, estimated unit costs of each, and probable source and/or origin, to include the probable source and/or origin of the components if less than 50% U.S. components will be contained in the commodity. "Source" means the country from which a commodity is shipped to the cooperating country or the cooperating country itself if the commodity is located therein at the time of purchase. However, where a commodity is shipped from a free port or bonded warehouse in the form in which received therein, "source" means the country from which the commodity was shipped to the free port or bonded warehouse. Any commodity whose source is a non-Free World country is

ineligible for USAID financing. The "origin" of a commodity is the country or area in which a commodity is mined, grown, or produced. A commodity is produced when, through manufacturing, processing, or substantial and major assembling of components, a commercially recognized new commodity results, which is substantially different in basic characteristics or in purpose or utility from its components. Merely packaging various items together for a particular procurement or relabeling items does not constitute production of a commodity. Any commodity whose origin is a non-Free World country is ineligible for USAID financing. "Components" are the goods which go directly into the production of a produced commodity. Any component from a non-Free World country makes the commodity ineligible for USAID financing.

Type/Description (Generic)	Estimated Quantity	Probable Unit Cost	Source of Goods	Probable Origin of Components	Goods

(e) **Restricted Goods.** If the Recipient plans to purchase any restricted goods, please indicate below (using a continuation page, as necessary) the types and quantities of each, estimated unit costs of each, intended use, and probable source and/or origin. Restricted goods are Agricultural Commodities, Motor Vehicles, Pharmaceuticals, Pesticides, Rubber Compounding Chemicals and Plasticizers, Used Equipment, U.S. Government-Owned Excess Property, and Fertilizer.

Type/Description (Generic)	Estimated Quantity	Probable Unit Cost	Probable Intended Use	Source	Origin

(f) **Supplier Nationality.** If the Recipient plans to purchase any goods or services from suppliers of goods and services whose nationality is not in the U.S., please indicate below (using a continuation page, as necessary) the types and quantities of each good or service, estimated costs of each, probable nationality of each non-U.S. supplier of each good or service, and the rationale for purchasing from a non-U.S. supplier. Any supplier whose nationality is a non-Free World country is ineligible for USAID financing.

Type/Description (Generic)	Estimated Quantity	Probable Unit Cost	Supplier Nationality (Non-U.S. Only)	Rationale for Non-U.S.

(g) **Proposed Disposition.** If the Recipient plans to purchase any nonexpendable equipment with a unit acquisition cost of \$5,000 or more, please indicate below (using a continuation page, as necessary) the proposed disposition of each such item. Generally, the Recipient may either retain the property for other uses and make compensation to USAID (computed by applying the percentage of federal participation in the cost of the original program to the current fair market value of the property), or sell the property and reimburse USAID an amount computed by

applying to the sales proceeds the percentage of federal participation in the cost of the original program (except that the Recipient may deduct from the federal share \$500 or 10% of the proceeds, whichever is greater, for selling and handling expenses), or donate the property to a host country institution, or otherwise dispose of the property as instructed by USAID.

Type/Description (Generic)	Quantity	Estimated Unit Cost	Proposed Disposition

2. If you make a false Certification you are subject to U.S. criminal prosecution under 18 U.S.C. 1001.

11. SURVEY ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

All applications must include the Survey on Ensuring Equal Opportunity for Applicants as an attachment to the RFA package.

This survey can be found at the following website:

<http://www.usaid.gov/forms/surveyeo.doc>

END OF CERTIFICATIONS, ASSURANCES AND OTHER STATEMENTS OF RECIPIENT

Name and Title: _____

Name of Organization: _____

Date: _____

C. Authority to Obligate the Government

The Agreement Officer is the only individual who may legally commit the Government to the expenditure of public funds. No costs chargeable to the proposed Agreement may be incurred before receipt of either a fully executed Agreement or a specific written authorization from the Agreement Officer.

D. Application Submission Procedures

Applicants may upload applications to <http://www.grants.gov>. USAID bears no responsibility for data errors resulting from transmission or conversion processes associated with electronic submissions. However, a separate electronic (e-mail) **WBG-OCM-packages@usaid.gov** AND a hard copy submission are still required by USAID/West Bank and Gaza. If the applicant experiences difficulty with submission to WBG-OCM-packages@usaid.gov, the applicant should contact Ms. Claudia Koziol at ckoziol@usaid.gov. All applications received by the submission deadline will be reviewed for responsiveness to the specifications outlined in these guidelines and the application format. No addition or modifications will be accepted after the submission date.

1. Submission of Hard Copy Applications

Hard copy applications and modifications submitted including but not limited to via courier service or mail, shall be submitted in **sealed envelopes or packages** (1) addressed to the office specified in the cover letter above, and (2) showing the date and time specified for receipt (i.e., the due date and time), the RFA number, and the name and address of the Applicant inscribed thereon. Furthermore, the applications and modifications shall be submitted in two (2) separate parts and delivered in **two separate envelopes**: (a) technical and (b) cost or business application. The hard copy technical application shall consist of one (1) original and four (4) copies. The cost or business application shall consist of one (1) original and two (2) copies.

Faxed applications are not acceptable.

Please be advised that in the past, some firms experienced delays with international air courier services. Also, if you utilize the services of an independent agent in Israel or the West Bank and Gaza to deliver your application, please be certain that he/she understands that additional time may be needed to allow for security review of any packages, and the closing date and time are firm.

2. Submission of Electronic Applications:

Applications may be uploaded to <http://www.grants.gov>; however, separately submitted applications, by e-mail AND in hard copy, are still **required** by USAID/West Bank and Gaza. USAID/West Bank and Gaza bears no responsibility for data errors resulting from transmission

or conversion processes associated with electronic submissions. If the applicant experiences difficulty with submission to WBG-OCM-packages@usaid.gov, the applicant should contact Ms. Claudia Koziol at ckoziol@usaid.gov.

Applications shall be submitted with the name and address of the Applicant and the RFA number (referenced above) inscribed thereon, to Ms. Claudia Koziol, Agreement Officer, via e-mail to WBG-OCM-packages@usaid.gov. For electronic submissions, your organization must ensure that the applications are received at USAID/West Bank and Gaza in their entirety. No addition or modifications will be accepted after the submission date. E-mail attachments should be formatted in Microsoft Word and/or Microsoft Excel format with **3 MB limit** per e-mail. Please convert your documents to one of these formats before sending them to USAID/West Bank and Gaza, or provide scanned copies of pages if they include signatures or forms. USAID/West Bank and Gaza cannot accept .zip files, as they will be blocked by USAID's firewall.

In addition to the aforementioned guidelines, the Applicants are requested to take note of the following:

- i. After you have sent your applications electronically, please immediately check your own email to confirm that the attachments you intended to send were indeed sent. If you discover an error in your transmission, please send the material again and note in the subject line of the email or indicate in the file name if submitted via grants.gov that it is a "corrected" submission. Please do not send the same email more than once unless there has been a change, and if so, please note that it is a "corrected" email.
- ii. If you send your application by multiple emails, please indicate in the subject line of the email whether the email relates to the technical or cost application, and the desired sequence of multiple emails (if more than one is sent) and of attachments (e.g. "No. 1 of 4", etc.). For example, if your cost application is being sent in two emails, the first email should have a subject line which says: "[organization name], Cost Application, Part 1 of 2".

Our preference is that the technical application and the cost application be submitted as single email attachments, e.g. that you consolidate the various parts of a technical application into a single document before sending them. If this is not possible, please provide instructions on how to collate the attachments. USAID/West Bank and Gaza will not be responsible for errors in compiling electronic applications if no instructions are provided or are unclear.

E. Technical Application Format

The technical application will be the most important factor for consideration in selection for award of the proposed Cooperative Agreement. The technical application should be specific, complete and presented concisely. The application should demonstrate the Applicant's capabilities and expertise with respect to achieving the goals of this program. The application should take into account the requirements of the program and evaluation criteria found in this RFA.

The technical Application should be in English (Font 12 point/Times New Roman, single-spaced) and not exceed 20 pages in length. Additionally, a listing of required appendices is included below. Appendices do not have a page limit, however, **ONLY** information listed in "(ix) Appendices" is allowed and will be reviewed. Longer applications will be considered

non-responsive and will not be reviewed. Detailed information should be presented only when required by specific RFA instructions.

The Applicant shall describe in the application the technical approach for the PCID program and shall list the performance measures and indicators (including USAID Performance Indicators, among others) that it will use to monitor the proposed activities and achievements towards realization of program goals.

The Recipient will abide and strongly support USAID principles of gender equity and equal opportunity in all activities included in the program. The Recipient will be responsible for anticipating and addressing gender equity, to ensure gender integration in the application as described in the sub-section entitled “Gender” under Section I; specifically:

- The lack of gender sensitivity in community needs assessments.
- The infrastructure sector largely remains male-dominated. Women are perceived as beneficiaries rather than contributors.
- Insufficient opportunities exist for women and youth to participate in maintenance training programs to enable new infrastructure business start-ups.
- Sex-disaggregated employment and infrastructure business data are weak and provide insufficient insights on the participation of women and men and other gender issues in infrastructure.

The technical application shall include the following sections:

(i) Cover Page

The Cover Page should include proposed program title, RFA number, name of Applicant organization(s) submitting application, any partnerships, contact person, telephone and fax numbers, e-mail, and address, as follows:

- a. Program title;
- b. Request for Applications reference number;
- c. Name of organization (s) applying for the agreement;
- d. Any partnerships; and
- e. Contact person, telephone number, fax number, address, and types name(s) and title(s) of person(s) who prepared the application, and corresponding signatures.

(ii) Table of contents that follows the technical application format outlined herein.

(iii) Executive Summary

- a. Briefly describe the organization, including goal(s), purpose(s), target beneficiaries, anticipated results and outcomes;
- b. Briefly describe the relationship and/or coordination of the proposed parties involved with implementation of the program; and

(iv) Technical Approach

Applicants should clearly and convincingly discuss the nature, scope and timing proposed for this program. Provide detailed outline of the methodology that will be used to implement the program as Applicants should describe how they propose to achieve the program objectives. The application should describe the Applicants ideas, approaches and strategies to achieve the results of the program. Specifically:

1. The Applicant shall provide a clear approach to responding to urgent needs in the water and sanitation sectors as well as other sectors as needed. The proposal must explain the approach/process the Applicant will utilize to identify urgent needs in the communities.
2. The Applicant's proposed approach to coordinate with Palestinian Authority counterparts, and in particular with the PWA, and with the local communities.
3. The Applicant's plan to ensure that gender considerations are fully incorporated into the applicant's proposed approach.

(v) Key Personnel and Staffing Plan

The applicant shall propose well-qualified key personnel who will be responsible for managing and carrying out the program. The Applicant must describe the individual's previous qualifications, experience (particularly in contexts similar to the West Bank and Gaza) and capabilities, which demonstrate his/her capacity to carry out the proposed program. Applicants shall include curriculum vitae (CVs) of the Key Personnel implementing the project as part of an Appendix B to the application. Please see Section I.A.8 of this RFA for Key Personnel qualifications. However, in order to optimally implement its proposed technical approach, the applicant must submit two additional key personnel positions to those listed in the above mentioned section, critical to the successful implementation of their proposed program. The total number of key positions must be five (5) positions. Applicants are not expected to identify non-key personnel, in case included; non-key position candidates will not be evaluated. The applicant shall clearly identify the roles and responsibilities of the Key Personnel positions, and provide a detailed explanation regarding how the education, capabilities, and experience of proposed Key Personnel will effectively contribute to a successful implementation of the program and achievement of the Program's objectives. Applicants shall also submit three (3) references, with complete contact information (including e-mail addresses), for each proposed Key Personnel candidate.

The applicant shall submit a staffing plan that should list all proposed positions under the program, and whether the position is full-time, part-time, or intermittent, the position location, and the planned person months or days each position will devote to the program. In addition, the staffing plan shall include an organizational chart that shows the structure and the relationships between positions.

(vi) Institutional Experience and Management Plan

Applicants shall demonstrate experience with the development issues similar to the West Bank and Gaza, specifically as they relate to water and sanitation services as well as other infrastructure activities covered under this RFA. Applicants are expected to describe the blend of technical expertise required to achieve the objective of this program, and to provide specific examples of relevant activities and demonstrate experience and lessons learned.

The Applicants should also propose a management plan and describe how the proposed structure will contribute towards achieving the objectives and results described in their proposed Technical Application. Delineation of roles, responsibilities, authority, and processes for decision making within Applicant's in-country team and between the home office and the field must be spelled out clearly. The plan shall demonstrate how the applicant will efficiently and effectively use the human, technical, and organizational resources at hand to accomplish their proposed program.

(vii) Past Performance

Applicants should describe all programs which the primary Applicant (as well as any partners substantially involved in implementation) implemented involving similar programs over the past three (3) years.

Detailed and specific past performance information should be provided as explained below under “Appendix A” – Relevant Past Performance Information.

USAID may contact references and use the past performance data regarding the organization, along with other information to determine the applicant's past performance. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources inside or outside the Government.

(viii) Performance Management Plan

In appendix C to the application, Applicants are expected to describe the system by which they will conduct cost-effective and results-oriented monitoring that will provide USAID/WBG and the program itself information to track progress, improve performance and effectiveness, as well as inform planning and management decisions. The indicators used for the program should include both performance-based indicators (with focus on outputs – e.g. number of jobs created) and impact-based indicators (with focus on outcome – e.g. improvement in – choose an infrastructure quality improvement indicator). The indicators should also contribute to USAID/WBG's WRI Office Intermediate Results (1) increasing access to clean water and sanitation services; (2) improving transportation infrastructure; and (3) improving or developing economic and social infrastructure facilities, all of which fall under WRI's Assistance Objective of increasing access to public infrastructure and services. The PMP must be submitted in accordance with section VI.D “Reporting Requirements”.

IR 2: IR 3: AO 2:

(ix) Appendices shall include and be limited to ONLY the following (Appendices are separate documents from the 20 page Technical Application page limitation):

a. Appendix A - Relevant Past Performance Information (Recipient and Key Partner Organizations)

Applicants should include a list of construction related programs that the Applicant has implemented involving similar and/or related programs over the past three (3) years with governmental and/or other organizations (i.e., commercial, governmental and/or philanthropic).

If an organization is proposing to use partners (sub-awardees), it should provide the same information for partnering organizations that will be directly involved in program implementation. Special attention should be made to establish the relevance of past

performance to this program and the basis for reliance upon that performance as an indicator of success for this program.

Information in this section should include but is not limited to the following:

- Brief description of organizational history/expertise;
- Pertinent past performance and examples of accomplishments in implementing similar programs;
- Relevant performance with proposed approaches;
- Evidence of a successful record of implementing projects overseas;
- Institutional strength as represented by breadth and depth of experienced personnel in project-relevant disciplines/areas;
- Sub-Recipient or sub-contractor capabilities and expertise (if any);
- Proposed field management structure and financial controls;
- Home office backstopping and its purpose;
- Name and address of awarding organization or agency;
- Telephone number and email address of responsible representative from each organization or agency listed above;
- Contract/grant name and number (if any) for each project listed;
- Annual amount received for each award listed above;
- Term of each award listed;
- Brief description of the each project/assistance activity listed above;
- Location of performance of services or program;
- Sub-Recipients/Partners (if any): Organizations may not possess all the skills required to achieve all the results identified in this RFA. Organizations are encouraged to enter into teaming relationships to supplement skills. Applicants that propose to utilize other implementing partners shall indicate the extent intended, the method of identifying them and the tasks/functions they will be performing. Applicants shall state whether or not they have existing relationships with proposed partner organizations and the nature of the relationship (i.e., sub-grantee, contractor, partnership, etc.). Applicants must specify the technical resources and expertise of proposed partner organizations.

b. Appendix B - Resumes for Key Personnel

This section should include resumes for all Key Personnel candidates. Each resume may not exceed three (3) pages in length and shall be in chronological order starting with most recent experience. Each resume for the proposed Key Personnel positions shall be accompanied by a signed Letter of Commitment from each candidate indicating his/her: (a) availability to serve in the stated position, in terms of days after award; (b) intention to serve for a stated term of the service; and (c) agreement to the compensation levels which correspond to the levels set forth in the cost application.

Resumes for Key Personnel should include at least three (3) references for each proposed key position, including up-to-date telephone numbers and e-mail contact information.

c. Appendix C - An illustrative Performance Management Plan (PMP)

d. Appendix D – Staffing Plan

F. Cost Application Format

The Cost or Business Application is to be submitted under a separate cover from the technical application. The cost/business application is also to be submitted on CD in Microsoft Excel 2000 or Excel 2003. The Applicant is requested to submit a budget broken down by program years with an accompanying detailed budget narrative (in Word 2000 or Word 2003 text accessible) which provides in detail the total costs for implementation of the program as further detailed below.

Certain documents are required to be submitted by an Applicant in order for the Agreement Officer to make a determination of responsibility. However, it is USAID policy not to burden Applicants with undue reporting requirements if that information is readily available through other sources. There is no page limit on the Cost Application. However, unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective application in response to this RFA are not desired. Elaborate art work, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor wanted.

If the Applicant has established a consortium or another legal relationship among its partners, the Cost/Business application must include a copy of the legal relationship between the parties. The agreement should include a full discussion of the relationship between the Applicant and Sub-Applicant(s) including identification of the Applicant with which USAID will treat for purposes of Agreement administration, identity of the Applicant which will have accounting responsibility, how Agreement effort will be allocated and the express agreement of the principals thereto to be held jointly and severally liable for the acts or omissions of the other.

The following sections describe the documentation that Applicants for an assistance award must submit to USAID/West Bank and Gaza prior to award. While there is no page limit for this portion, Applicants are encouraged to be as concise as possible, but still provide the necessary details to address the following:

1. The budget must have an accompanying detailed budget narrative and justification that provides in detail the total program amount for implementation of the program your organization is proposing. The budget narrative should provide information regarding the basis of estimate for each line item, including reference to sources used to substantiate the cost estimate (e.g. organization's policy, payroll document, vendor quotes, etc.).
2. A budget for each program year with an accompanying detailed budget narrative which provides in detail the total costs for implementation of the program. The budget must be submitted using Standard Form 424 which can be downloaded from the following web site at: http://www.grants.gov/agencies/aapproved_standard_forms.jsp#1
3. A breakdown of all costs associated with the program according to the costs of, if applicable, headquarters, regional and/or country offices.
4. **Cost Sharing:** The Applicants should estimate the amount of cost-sharing resources to be mobilized over the life of the agreement and specify the sources of such resources, and the basis of calculation in the budget narrative. Applicants should also provide a breakdown of the cost share (financial and in-kind contributions) of all organizations involved in implementing the resulting Cooperative Agreement.

5. The cost application must outline the roles and responsibilities of project staff vis-à-vis budgeting, monitoring, and reporting on the financial status of the project. How the program will track costs incurred, including costs for labor, equipment, supplies, and facilities must also be described. Applicants who intend to utilize sub-contractors or sub-recipients should indicate the extent intended and a complete cost breakdown. Extensive contracts/agreement financial plans should follow the same cost format as submitted by the primary Applicant. A breakdown of all costs according to each partner organization, sub-contract or sub/awardee involved in the program should be provided as well.
6. Potential contributions of non-USAID or private donors to this Cooperative Agreement.
7. The cost/business application should contain the following budget categories:
 - a. **Direct Labor:** Direct salaries, wages and annual increases for all personnel proposed under the application shall be in accordance with the Applicant's established personnel policies. To be considered adequate, the policies must be in writing, applicable to all employees of the organization, is subject to review and approval at a high enough organizational level to assure its uniform enforcement, and result in costs which are reasonable and allowable in accordance with applicable cost principles. The narrative should include a level of effort analysis specifying personnel, rate of compensation, and amount of time proposed. Anticipated salary increases during the period of the agreement should be included.
 - b. **Fringe Benefits:** Fringe benefits should be based on the Applicant's audited fringe benefit rate, supported by a Negotiated Indirect Cost Rate Agreement (NICRA) or historical cost data. If the latter is used, the budget narrative should include a detailed breakdown comprised of all items of fringe benefits (e.g. unemployment insurance, workers compensation, health and life insurance, retirement, FICA, etc.) and the costs of each, expressed in dollars and as a percentage of salaries.
 - c. **Supplies and Equipment:** Differentiate between expendable supplies and nonexpendable equipment (NOTE: Equipment is defined as tangible nonexpendable personal property including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit, unless the Applicant's established policy establishes nonexpendable equipment anticipated to be required to implement the program, specifying quantities and unit cost).
 - d. **Allowances:** Allowances must be broken down by specific type and by person and must be in accordance with the Applicant's established policies.
 - e. **Travel and Per Diem:** The narrative should indicate number of trips, domestic and international, and the estimated unit cost of each travel in accordance with the technical application. Proposed per diem rates must be in accordance with the Applicant's established policies and practices that are uniformly applied to federally-financed and other activities of the Applicant.
 - f. **Other Direct Costs:** This could include any miscellaneous costs such as office rent and utilities, communications, transportations, supplies, public outreach, sub-awards and Partner Contracted Audit (PCA) costs, other audits, report preparation costs, passports, visas, medical exams and inoculations, insurance (other than the Applicant's normal coverage), etc. The narrative, or supporting schedule, should provide a complete breakdown and support for each item of other direct costs.
 - g. **Proposed Sub-awards (contracts/grants) (if any):** Applicants who intend to utilize sub-awardees should indicate the extent intended and a complete cost breakdown, as well as all the information required herein for the Applicant. **Sub-awards cost applications should follow the same cost format as submitted by the Applicant.**

h. **Organizational Information:** Applicants are also required to provide the following organizational information:

- Type of Organization;
 - The name and title of individuals authorized to sign the Cooperative Agreement;
 - Taxpayer Identification Number (TIN);
 - Data Universal Numbering System (DUNS) Number;
 - Letter of Credit (LOC) Number, if applicable; and
 - Estimated costs of communications products that are anticipated under the Cooperative Agreement.
10. A current Negotiated Indirect Cost Rate Agreement (NICRA) if your organization has such an agreement with an agency or department of the U.S. Government.
11. Required assurances, certifications and representations in Section IV, B. Required Certifications.
12. Applicants should submit any additional evidence of responsibility deemed necessary for the Agreement Officer to make a determination of responsibility. The information submitted should substantiate that the Applicant:
- a. Has adequate financial resources or the ability to obtain such resources as required during the performance of the award;
 - b. Has the ability to comply with the award conditions, taking into account all existing and currently prospective commitments of the Applicant, nongovernmental and governmental;
 - c. Has a satisfactory record of performance. Past relevant unsatisfactory performance is ordinarily sufficient to justify a finding of non-responsibility, unless there is clear evidence of subsequent satisfactory performance;
 - d. Has a satisfactory record of integrity and business ethics; and
 - e. Is otherwise qualified and eligible to receive a Cooperative Agreement under applicable laws and regulations (e.g., EEO).
13. Applicants that have never received a grant, cooperative agreement or contract from the U.S. Government are required to submit a copy of their accounting manual.
14. Certificate of Compliance: Please submit a copy of your Certificate of Compliance if your organization's systems have been certified by USAID/Washington's Office of Acquisition and Assistance (M/OAA).

G. Statutory and Regulation Certifications

The Applicant shall complete the certifications in Section IV, B. Required Certifications and sign and date in the signature space provided. The signed and dated printout must then be submitted with the application as an annex to the cost application. Original signed hardcopy of the certifications will be requested from the successful applicant prior to the agreement award.

H. Potential Request for Additional Documentation

Upon consideration of award or during the negotiations leading to an award, Applicants may be required to submit additional documentation deemed necessary for the Agreement Officer to make an affirmative determination of responsibility.

IMPORTANT NOTE

Applicants should **not** submit the information below with their applications! The information in this section is provided so that Applicants may become familiar with additional documentation that may be requested by the Agreement Officer:

Applicants should submit any additional evidence of responsibility deemed necessary for the Agreement Officer to make a determination of responsibility. The information submitted should substantiate that the Applicant:

1. Audited financial statements for the past three years that have been audited by a certified public accountant or other auditor satisfactory to USAID.
2. Bylaws, constitution, and articles of incorporation, if applicable.
3. Copies of organizational travel, procurement, financial management, accounting manual and personnel policies and procedures, especially regarding salary, promotion, leave, differentials, etc., and indicate whether such policies and procedures have been reviewed and approved by any agency of the Federal Government. If so, provide the name, address, and phone number of the cognizant reviewing official.

I. Special Award Consideration

The Recipient of the award shall comply with and adhere to all USAID/West Bank and Gaza Notices to Contractors and Grantees. The notices are posted on the USAID/West Bank Gaza website under Partners resources and can be found at the following link:
<http://www.usaid.gov/wbg/notices.html>

1. Any activity (ies) anticipated in Gaza requires USAID's prior written approval.
2. Implementation of program activities in Gaza: Given the political and security environment in Gaza, the Recipient must adhere to the Mission's policy guidance and operational principles for operating in Gaza as described in the "Contractors and Grantees Notice No. 2010-WBG-13".
3. Due to the extremely fluid nature of the operational environment in the West Bank and Gaza, it is expected that the Recipient of the award will remain in close contact and collaboration with the AOR and other appropriate USAID Officers. This collaborative involvement will address informational needs such as analyses, evaluations, assessments, and responses to public information requests in order to maintain flexibility for program success.
4. Dissemination of any press releases or success stories is subject to the AOR's written approval.

USAID/WEST BANK AND GAZA MISSION PARTNER CONTRACTED AUDIT PROGRAM (PCA)

Since Fiscal Year 2003, the U.S. Congress has mandated in its annual appropriations laws that the USAID shall ensure that all contractors and grantees, and significant sub-contractors

and sub-grantees, under the West Bank and Gaza Program be subject to Federal or non-Federal audits at least annually.

Recipient/s and significant sub-awardees under any resultant award from this RFA will be required to adhere to the above requirement and therefore are subject to audit under the WBG Partner Contracted Audit (PCA) program at least annually. USAID/WBG is responsible for managing the Mission's PCA program.

Applicants shall follow the guidance provided in the "USAID/WBG Partner Contracted Audit Guidelines" which are posted on the Mission's web-site at the following address <http://www.usaid.gov/wbg/audit.html>. The successful applicant will be required to contract one of the independent audit firms that have been approved by the Regional Inspector General/Cairo to fulfill the annual audit requirements under their award.

The Prime Recipient as well as the sub-awardees must maintain complete records and proper documentation pertaining to their awards for auditing purposes.

[END SECTION IV]

SECTION V. – APPLICATION REVIEW INFORMATION

A. Technical Evaluation

USAID/WBG will review all applications received in response to the subject RFA. Applications will be reviewed and evaluated in accordance with the following criteria:

Staffing Plan (Maximum points = 30)

Extent to which the proposed staffing plan including the proposed Key Personnel convincingly demonstrate the ability to successfully and effectively implement the proposed program.

Technical Approach (Maximum points = 30)

The extent to which the proposed technical approach and PMP demonstrate a clear understanding of the objectives of the program and a convincing result oriented approach to achieve them.

Management Capability (Maximum points = 25)

Extent to which the Applicant's management capability including the proposed management plan demonstrates the ability to effectively implement similar programs.

Past performance (Maximum points = 15)

Extent to which the applicant and its teaming organizations, if any, demonstrate successful Past Performance in successfully achieving results on similar Programs.

B. Cost Evaluation

Cost has not been assigned a weight; however, the cost applications of the most highly ranked technical applications will be evaluated for cost effectiveness including the level of proposed cost share. Other considerations are the completeness of the application, adequacy of budget detail and consistency with elements of the technical application. In addition, the organization must demonstrate adequate financial management capability, to be measured for a responsibility determination. While cost may be the determining factor in the final decision of an awardee, especially between closely ranked applicants, the technical merit of applications is significantly more important than cost under this RFA.

Cost Sharing

USAID suggests that the Applicant and its partners provide a cost share of 15 percent (15%) of the total USAID Contribution. Leveraged non-USAID resources from private firms and institutions (such as equipment, training, level of effort and any in-kind contributions) may be considered part of cost share. Cost sharing may be also demonstrated either through direct funding, beneficiary contributions, in-kind assistance, or a combination thereof.

USAID shall make the final determination and assess whether or not the Applicant's cost share contributions (e.g. categories or items) meet the standards set in 22 CFR 226.23.

[END SECTION V]

SECTION VI. – AWARD AND ADMINISTRATION INFORMATION

A. Branding & Marking Requirements

BRANDING & MARKING STRATEGY - ASSISTANCE (December 2005)

(a) Definitions

Branding Strategy means a strategy that is submitted at the specific request of a USAID Agreement Officer by an Apparently Successful Applicant after evaluation of an application for USAID funding, describing how the program, project, or activity is named and positioned, and how it is promoted and communicated to beneficiaries and host country citizens. It identifies all donors and explains how they will be acknowledged.

Apparently Successful Applicant(s) means the applicant(s) for USAID funding recommended for an award after evaluation, but who has not yet been awarded a grant, cooperative agreement or other assistance award by the Agreement Officer. The Agreement Officer will request that the Apparently Successful Applicants submit a Branding Strategy and Marking Plan. Apparently successful Applicant status confers no right and constitutes no USAID commitment to an award.

USAID Identity (Identity) means the official marking for the Agency, comprised of the USAID logo and new brand mark, which clearly communicates that our assistance is from the American people. The USAID Identity is available on the USAID website and is provided without royalty, license, or other fee to recipients of USAID-funded grants or cooperative agreements or other assistance awards or subawards.

(b) **Submission.** The Apparently Successful Applicant, upon request of the Agreement Officer, will submit and negotiate a Branding Strategy. The Branding Strategy will be included in and made a part of the resulting grant or cooperative agreement. The Branding Strategy will be negotiated within the time that the Agreement Officer specifies. Failure to submit and negotiate a Branding Strategy will make the applicant ineligible for award of a grant or cooperative agreement. The Apparently Successful Applicant must include all estimated costs associated with branding and marking USAID programs, such as plaques, stickers, banners, press events and materials, and the like.

(c) Submission Requirements

At a minimum, the Apparently Successful Applicant's Branding Strategy will address the following:

(1) Positioning

What is the intended name of this program, project, or activity?

Guidelines: USAID prefers to have the USAID Identity included as part of the program or project name, such as a "title sponsor," if possible and appropriate. It is acceptable to "co-brand" the title with USAID's and the Apparently Successful Applicant's identities. For example: "The USAID and [Apparently Successful Applicant] Health Center."

If it would be inappropriate or is not possible to "brand" the project this way, such as when rehabilitating a structure that already exists or if there are multiple donors, please explain and indicate how you intend to showcase USAID's involvement in publicizing the program or project. *For example: School #123, rehabilitated by USAID and [Apparently Successful Applicant]/[other donors].*

Note: the Agency prefers "made possible by (or with) the generous support of the American People" next to the USAID Identity in acknowledging our contribution, instead of the phrase "funded by." USAID prefers local language translations.

Will a program logo be developed and used consistently to identify this program? If yes, please attach a copy of the proposed program logo.

Note: USAID prefers to fund projects that do NOT have a separate logo or identity that competes with the USAID Identity.

(2) Program Communications and Publicity

Who are the primary and secondary audiences for this project or program?

Guidelines: Please include direct beneficiaries and any special target segments or influencers.

For Example: Primary audience: schoolgirls age 8-12, Secondary audience: teachers and parents—specifically mothers.

What communications or program materials will be used to explain or market the program to beneficiaries?

Guidelines: These include training materials, posters, pamphlets, Public Service Announcements, billboards, websites, and so forth.

What is the main program message(s)?

Guidelines: *For example: "Be tested for HIV-AIDS" or "Have your child inoculated."* Please indicate if you also plan to incorporate USAID's primary message – this aid is "from the American people" – into the narrative of program materials. This is optional; however, marking with the USAID Identity is required.

Will the recipient announce and promote publicly this program or project to host country citizens? If yes, what press and promotional activities are planned?

Guidelines: These may include media releases, press conferences, public events, and so forth.

Note: incorporating the message, "USAID from the American People," and the USAID Identity is required.

Please provide any additional ideas about how to increase awareness that the American people support this project or program.

Guidelines: One of our goals is to ensure that both beneficiaries and host-country citizens know that the aid the Agency is providing is "from the American people." Please provide any initial ideas on how to further this goal.

(3) Acknowledgements

Will there be any direct involvement from a host-country government ministry? If yes, please indicate which one or ones. Will the recipient acknowledge the ministry as an additional co-sponsor?

Note: it is perfectly acceptable and often encouraged for USAID to "co-brand" programs with government ministries.

Please indicate if there are any other groups whose logo or identity the recipient will use on program materials and related communications.

Guidelines: Please indicate if they are also a donor or why they will be visibly acknowledged, and if they will receive the same prominence as USAID.

(d) Award Criteria. The Agreement Officer will review the Branding Strategy for adequacy, ensuring that it contains the required information on naming and positioning the USAID-funded program, project, or activity, and promoting and communicating it to cooperating country beneficiaries and citizens. The Agreement Officer also will evaluate this information to ensure that it is consistent with the stated objectives of the award; with the Apparently Successful Applicant's project, activity, or program performance plan; and with the regulatory requirements set out in 22 CFR 226.91. The Agreement Officer may obtain advice and recommendations from technical experts while performing the evaluation.

MARKING PLAN – ASSISTANCE (December 2005)

(a) Definitions

Marking Plan means a plan that the Apparently Successful Applicant submits at the specific request of a USAID Agreement Officer after evaluation of an application for USAID funding, detailing the public communications, commodities, and program materials and other items that will visibly bear the USAID Identity. Recipients may request approval of Presumptive Exceptions to marking requirements in the Marking Plan.

Apparently Successful Applicant(s) means the applicant(s) for USAID funding recommended for an award after evaluation, but who has not yet been awarded a grant, cooperative agreement or other assistance award by the Agreement Officer. The Agreement Officer will request that Apparently Successful Applicants submit a Branding Strategy and Marking Plan. Apparently, Successful Applicant status confers no right and constitutes no USAID commitment to an award, which the Agreement Officer must still obligate.

USAID Identity (Identity) means the official marking for the Agency, comprised of the USAID logo and new brand mark, which clearly communicates that our assistance is from the American people. The USAID Identity is available on the USAID website and USAID provides it without royalty, license, or other fee to recipients of USAID funded grants, cooperative agreements, or other assistance awards or subawards.

A Presumptive Exception exempts the applicant from the general marking requirements for a particular USAID-funded public communication, commodity, program material or other deliverable, or a category of USAID-funded public communications, commodities, program materials or other deliverables that would otherwise be required to visibly bear the USAID Identity. The Presumptive Exceptions are:

Presumptive Exception (i). USAID marking requirements may not apply if they would compromise the intrinsic independence or neutrality of a program or materials where independence or neutrality is an inherent aspect of the program and materials, such as election monitoring or ballots, and voter information literature; political party support or public policy advocacy or reform; independent media, such as television and radio broadcasts, newspaper articles and editorials; and public service announcements or public opinion polls and surveys (22 C.F.R. 226.91(h)(1)).

Presumptive Exception (ii). USAID marking requirements may not apply if they would diminish the credibility of audits, reports, analyses, studies, or policy recommendations whose data or findings must be seen as independent (22 C.F.R.226.91(h)(2)).

Presumptive Exception (iii). USAID marking requirements may not apply if they would undercut host-country government “ownership” of constitutions, laws, regulations, policies, studies, assessments, reports, publications, surveys or audits, public service announcements, or other communications better positioned as “by” or “from” a cooperating country ministry or government official (22 C.F.R. 226.91(h)(3)).

Presumptive Exception (iv). USAID marking requirements may not apply if they would impair the functionality of an item, such as sterilized equipment or spare parts (22 C.F.R. 226.91(h)(4)).

Presumptive Exception (v). USAID marking requirements may not apply if they would incur substantial costs or be impractical, such as items too small or otherwise unsuited for individual marking, such as food in bulk (22 C.F.R. 226.91(h)(5)).

Presumptive Exception (vi). USAID marking requirements may not apply if they would offend local cultural or social norms, or be considered inappropriate on such items as condoms, toilets, bed pans, or similar commodities (22 C.F.R. 226.91(h)(6)).

Presumptive Exception (vii). USAID marking requirements may not apply if they would conflict with international law (22 C.F.R. 226.91(h)(7)).

(b) **Submission.** The Apparently Successful Applicant, upon the request of the Agreement Officer, will submit and negotiate a Marking Plan that addresses the details of the public

communications, commodities, program materials that will visibly bear the USAID Identity. The marking plan will be customized for the particular program, project, or activity under the resultant grant or cooperative agreement. The plan will be included in and made a part of the resulting grant or cooperative agreement. USAID and the Apparently Successful Applicant will negotiate the Marking Plan within the time specified by the Agreement Officer. Failure to submit and negotiate a Marking Plan will make the applicant ineligible for award of a grant or cooperative agreement.

(c) **Submission Requirements.** The Marking Plan will include the following:

(1) A description of the public communications, commodities, and program materials that the recipient will produce as a part of the grant or cooperative agreement and which will visibly bear the USAID Identity. These include:

- (i) program, project, or activity sites funded by USAID, including visible infrastructure projects or other programs, projects, or activities that are physical in nature;
- (ii) technical assistance, studies, reports, papers, publications, audiovisual productions, public service announcements, Web sites/Internet activities and other promotional, informational, media, or communications products funded by USAID;
- (iii) events financed by USAID, such as training courses, conferences, seminars, exhibitions, fairs, workshops, press conferences, and other public activities; and
- (iv) all commodities financed by USAID, including commodities or equipment provided under humanitarian assistance or disaster relief programs, and all other equipment, supplies and other materials funded by USAID, and their export packaging.

(2) A table specifying:

- (i) the program deliverables that the recipient will mark with the USAID Identity,
- (ii) the type of marking and what materials the applicant will be used to mark the program deliverables with the USAID Identity, and
- (iii) when in the performance period the applicant will mark the program deliverables, and where the applicant will place the marking.

(3) A table specifying:

- (i) what program deliverables will not be marked with the USAID Identity, and
- (ii) the rationale for not marking these program deliverables.

(d) **Presumptive Exceptions.**

(1) The Apparently Successful Applicant may request a Presumptive Exception as part of the overall Marking Plan submission. To request a Presumptive Exception, the Apparently Successful Applicant must identify which Presumptive Exception applies, and state why, in light of the Apparently Successful Applicant's application and in the context of the program description or program statement in the USAID Request For Application or Annual Program Statement, marking requirements should not be required.

(2) Specific guidelines for addressing each Presumptive Exception are:

- (i) For Presumptive Exception (i), identify the USAID Strategic Objective, Interim Result, or program goal furthered by an appearance of neutrality, or state why the program, project, activity, commodity, or communication is 'intrinsically neutral.' Identify, by category or deliverable item, examples of program materials funded under the award for which you are seeking an exception.
- (ii) For Presumptive Exception (ii), state what data, studies, or other deliverables will be produced under the USAID funded award, and explain why the data, studies, or deliverables must be seen as credible.
- (iii) For Presumptive Exception (iii), identify the item or media product produced under the USAID funded award, and explain why each item or product, or category of item and product, is better positioned as an item or product produced by the cooperating country government.
- (iv) For Presumptive Exception (iv), identify the item or commodity to be marked, or categories of items or commodities, and explain how marking would impair the item's or commodity's functionality.

- (v) For Presumptive Exception (v), explain why marking would not be cost beneficial or practical.
 - (vi) For Presumptive Exception (vi), identify the relevant cultural or social norm, and explain why marking would violate that norm or otherwise be inappropriate.
 - (vii) For Presumptive Exception (vii), identify the applicable international law violated by marking.
- (3) The Agreement Officer will review the request for adequacy and reasonableness. In consultation with the Agreement Officer's Representative and other agency personnel as necessary, the Agreement Officer will approve or disapprove the requested Presumptive Exception. Approved exceptions will be made part of the approved Marking Plan, and will apply for the term of the award, unless provided otherwise.
- (e) **Award Criteria:** The Agreement Officer will review the Marking Plan for adequacy and reasonableness, ensuring that it contains sufficient detail and information concerning public communications, commodities, and program materials that will visibly bear the USAID Identity. The Agreement Officer will evaluate the plan to ensure that it is consistent with the stated objectives of the award; with the applicant's actual project, activity, or program performance plan; and with the regulatory requirements of 22 C.F.R. 226.91. The Agreement Officer will approve or disapprove any requested Presumptive Exceptions (see paragraph (d)) on the basis of adequacy and reasonableness. The Agreement Officer may obtain advice and recommendations from technical experts while performing the evaluation.

MARKING UNDER ASSISTANCE INSTRUMENTS (DEC 2005)

(a) Definitions

Commodities mean any material, article, supply, goods or equipment, excluding recipient offices, vehicles, and non-deliverable items for recipient's internal use, in administration of the USAID funded grant, cooperative agreement, or other agreement or subagreement.

Principal Officer means the most senior officer in a USAID Operating Unit in the field, e.g., USAID Mission Director or USAID Representative. For global programs managed from Washington but executed across many countries, such as disaster relief and assistance to internally displaced persons, humanitarian emergencies or immediate post conflict and political crisis response, the cognizant Principal Officer may be an Office Director, for example, the Directors of USAID/W/Office of Foreign Disaster Assistance and Office of Transition Initiatives. For non-presence countries, the cognizant Principal Officer is the Senior USAID officer in a regional USAID Operating Unit responsible for the non-presence country, or in the absence of such a responsible operating unit, the Principal U.S. Diplomatic Officer in the non-presence country exercising delegated authority from USAID.

Programs mean an organized set of activities and allocation of resources directed toward a common purpose, objective, or goal undertaken or proposed by an organization to carry out the responsibilities assigned to it.

Public communications are documents and messages intended for distribution to audiences external to the recipient's organization. They include, but are not limited to, correspondence, publications, studies, reports, audio visual productions, and other informational products; applications, forms, press and promotional materials used in connection with USAID funded programs, projects or activities, including signage and plaques; Web sites/Internet activities; and events such as training courses, conferences, seminars, press conferences and so forth.

Subrecipient means any person or government (including cooperating country government) department, agency, establishment, or for profit or nonprofit organization that receives a USAID subaward, as defined in 22 C.F.R. 226.2.

Technical Assistance means the provision of funds, goods, services, or other foreign assistance, such as loan guarantees or food for work, to developing countries and other USAID recipients, and through such recipients to sub recipients, in direct support of a development objective – as opposed to the internal management of the foreign assistance program.

USAID Identity (Identity) means the official marking for the United States Agency for International Development (USAID), comprised of the USAID logo or seal and new brand mark, with the tagline that clearly communicates that our assistance is “from the American people.” The USAID Identity is available on the USAID website at www.usaid.gov/branding and USAID provides it without royalty, license, or other fee to recipients of USAID-funded grants, or cooperative agreements, or other assistance awards

(b) Marking of Program Deliverables

(1) All recipients must mark appropriately all overseas programs, projects, activities, public communications, and commodities partially or fully funded by a USAID grant or cooperative agreement or other assistance award or subaward with the USAID Identity, of a size and prominence equivalent to or greater than the recipient’s, other donor’s, or any other third party’s identity or logo.

(2) The Recipient will mark all program, project, or activity sites funded by USAID, including visible infrastructure projects (for example, roads, bridges, buildings) or other programs, projects, or activities that are physical in nature (for example, agriculture, forestry, water management) with the USAID Identity. The Recipient should erect temporary signs or plaques early in the construction or implementation phase. When construction or implementation is complete, the Recipient must install a permanent, durable sign, plaque or other marking.

(3) The Recipient will mark technical assistance, studies, reports, papers, publications, audio-visual productions, public service announcements, Web sites/Internet activities and other promotional, informational, media, or communications products funded by USAID with the USAID Identity.

(4) The Recipient will appropriately mark events financed by USAID, such as training courses, conferences, seminars, exhibitions, fairs, workshops, press conferences and other public activities, with the USAID Identity. Unless directly prohibited and as appropriate to the surroundings, recipients should display additional materials, such as signs and banners, with the USAID Identity. In circumstances in which the USAID Identity cannot be displayed visually, the recipient is encouraged otherwise to acknowledge USAID and the American people’s support.

(5) The Recipient will mark all commodities financed by USAID, including commodities or equipment provided under humanitarian assistance or disaster relief programs, and all other equipment, supplies, and other materials funded by USAID, and their export packaging with the USAID Identity.

(6) The Agreement Officer may require the USAID Identity to be larger and more prominent if it is the majority donor, or to require that a cooperating country government’s identity be larger and more prominent if circumstances warrant, and as appropriate depending on the audience, program goals, and materials produced.

(7) The Agreement Officer may require marking with the USAID Identity in the event that the recipient does not choose to mark with its own identity or logo.

(8) The Agreement Officer may require a pre-production review of USAID funded public communications and program materials for compliance with the approved Marking Plan.

(9) Sub recipients. To ensure that the marking requirements “flow down” to sub recipients of subawards, recipients of USAID funded grants and cooperative agreements or other assistance awards will include the USAID-approved marking provision in any USAID funded subaward, as follows:

“As a condition of receipt of this subaward, marking with the USAID Identity of a size and prominence equivalent to or greater than the recipient’s, sub recipient’s, other donor’s or third party’s is required. In the event the recipient chooses not to require marking with its own identity

or logo by the subrecipient, USAID may, at its discretion, require marking by the subrecipient with the USAID Identity.”

(10) Any ‘public communications’, as defined in 22 C.F.R. 226.2, funded by USAID, in which the content has not been approved by USAID, must contain the following disclaimer:

“This study/report/audio/visual/other information/media product (specify) is made possible by the generous support of the American people through the United States Agency for International Development (USAID). The contents are the responsibility of [insert recipient name] and do not necessarily reflect the views of USAID or the United States Government.”

(11) The recipient will provide the Agreement Officer’s Representative (AOR) or other USAID personnel designated in the grant or cooperative agreement with two copies of all program and communications materials produced under the award. In addition, the recipient will submit one electronic or one hard copy of all final documents to USAID’s Development Experience Clearinghouse.

(c) Implementation of marking requirements.

(1) When the grant or cooperative agreement contains an approved Marking Plan, the recipient will implement the requirements of this provision following the approved Marking Plan.

(2) When the grant or cooperative agreement does not contain an approved Marking Plan, the recipient will propose and submit a plan for implementing the requirements of this provision within 45 days after the effective date of this provision. The plan will include:

(i) a description of the program deliverables specified in paragraph (b) of this provision that the recipient will produce as a part of the grant or cooperative agreement and which will visibly bear the USAID Identity.

(ii) the type of marking and what materials the applicant uses to mark the program deliverables with the USAID Identity,

(iii) when in the performance period the applicant will mark the program deliverables, and where the applicant will place the marking,

(3) The recipient may request program deliverables not be marked with the USAID Identity by identifying the program deliverables and providing a rationale for not marking these program deliverables. Program deliverables may be exempted from USAID marking requirements when:

(i) USAID marking requirements would compromise the intrinsic independence or neutrality of a program or materials where independence or neutrality is an inherent aspect of the program and materials;

(ii) USAID marking requirements would diminish the credibility of audits, reports, analyses, studies, or policy recommendations whose data or findings must be seen as independent;

(iii) USAID marking requirements would undercut host-country government “ownership” of constitutions, laws, regulations, policies, studies, assessments, reports, publications, surveys or audits, public service announcements, or other communications better positioned as “by” or “from” a cooperating country ministry or government official;

(iv) USAID marking requirements would impair the functionality of an item;

(v) USAID marking requirements would incur substantial costs or be impractical;

(vi) USAID marking requirements would offend local cultural or social norms, or be considered inappropriate;

(vii) USAID marking requirements would conflict with international law.

(4) The proposed plan for implementing the requirements of this provision, including any proposed exemptions, will be negotiated within the time specified by the Agreement Officer after receipt of the proposed plan. Failure to negotiate an approved plan with the time specified by the Agreement Officer may be considered as noncompliance with the requirements is provision.

(d) Waivers.

(1) The recipient may request a waiver of the Marking Plan or of the marking requirements of this provision, in whole or in part, for each program, project, activity, public communication or commodity, or, in exceptional circumstances, for a region or country, when USAID required

marking would pose compelling political, safety, or security concerns, or when marking would have an adverse impact in the cooperating country. The recipient will submit the request through the Agreement Officer's Representative. The Principal Officer is responsible for approvals or disapprovals of waiver requests.

(2) The request will describe the compelling political, safety, security concerns, or adverse impact that require a waiver, detail the circumstances and rationale for the waiver, detail the specific requirements to be waived, the specific portion of the Marking Plan to be waived, or specific marking to be waived, and include a description of how program materials will be marked (if at all) if the USAID Identity is removed. The request should also provide a rationale for any use of recipient's own identity/logo or that of a third party on materials that will be subject to the waiver.

(3) Approved waivers are not limited in duration but are subject to Principal Officer review at any time, due to changed circumstances.

(4) Approved waivers "flow down" to recipients of subawards unless specified otherwise. The waiver may also include the removal of USAID markings already affixed, if circumstances warrant.

(5) Determinations regarding waiver requests are subject to appeal to the Principal Officer's cognizant Assistant Administrator. The recipient may appeal by submitting a written request to reconsider the Principal Officer's waiver determination to the cognizant Assistant Administrator.

(e) Non-retroactivity. The requirements of this provision do not apply to any materials, events, or commodities produced prior to January 2, 2006. The requirements of this provision do not apply to program, project, or activity sites funded by USAID, including visible infrastructure projects (for example, roads, bridges, buildings) or other programs, projects, or activities that are physical in nature (for example, agriculture, forestry, water management) where the construction and implementation of these are complete prior to January 2, 2006 and the period of the grant does not extend past January 2, 2006.

BRANDING STRATEGY -ASSISTANCE (December 2005)

(a) Definitions

Branding Strategy means a strategy that is submitted at the specific request of a USAID Agreement Officer by an Apparently Successful Applicant after evaluation of an application for USAID funding, describing how the program, project, or activity is named and positioned, and how it is promoted and communicated to beneficiaries and host country citizens. It identifies all donors and explains how they will be acknowledged.

Apparently Successful Applicant(s) means the Applicant(s) for USAID funding recommended for an award after evaluation, but who has not yet been awarded a grant, cooperative agreement or other assistance award by the Agreement Officer. The Agreement Officer will request that the Apparently Successful Applicants submit a Branding Strategy and Marking Plan.

Apparently Successful Applicant status confers no right and constitutes no USAID commitment to an award.

USAID Identity (Identity) means the official marking for the Agency, comprised of the USAID logo and new brandmark, which clearly communicates that our assistance is from the American people. The USAID Identity is available on the USAID website and is provided without royalty, license, or other fee to Recipients of USAID-funded grants or cooperative agreements or other assistance awards or subawards.

(b) Submission

The Apparently Successful Applicant, upon request of the Agreement Officer, will submit and negotiate a Branding Strategy. The Branding Strategy will be included in and made a part of the resulting grant or cooperative agreement. The Branding Strategy will be negotiated within the time that the Agreement Officer specifies. Failure to submit and negotiate a Branding Strategy

will make the Applicant ineligible for award of a grant or cooperative agreement. The Apparently Successful Applicant must include all estimated costs associated with branding and marking USAID programs, such as plaques, stickers, banners, press events and materials, and the like.

(c) Submission Requirements

At a minimum, the Apparently Successful Applicant's Branding Strategy will address the following:

(1) Positioning

What is the intended name of this program, project, or activity?

Guidelines: USAID prefers to have the U SAID Identity included as part of the program or project name, such as a "title sponsor," if possible and appropriate. It is acceptable to "co-brand" the title with USAID's and the Apparently Successful Applicant's identities. For example: "The USAID and [Apparently Successful Applicant] Health Center."

If it would be inappropriate or is not possible to "brand" the project this way, such as when rehabilitating a structure that already exists or if there are multiple donors, please explain and indicate how you intend to show case USAID's involvement in publicizing the program or project.

For example: School #123, rehabilitated by USAID and [Apparently Successful Applicant]/[other donors]. Note: the Agency prefers "made possible by (or with) the generous support of the American People" next to the USAID Identity in acknowledging our contribution, instead of the phrase "funded by." USAID prefers local language translations.

Will a program logo be developed and used consistently to identify this program? If yes, please attach a copy of the proposed program logo.

Note: USAID prefers to fund projects that do NOT have a separate logo or identity that competes with the USAID Identity.

(2) Program Communications and Publicity

Who are the primary and secondary audiences for this project or program?

Guidelines: Please include direct beneficiaries and any special target segments or influencers.

For Example: Primary audience: schoolgirls age 8-12, Secondary audience: teachers and parents-specifically mothers. What communications or program materials will be used to explain or market the program to beneficiaries?

Guidelines: These include training materials, posters, pamphlets, Public Service Announcements, billboards, websites, and so forth.

What is the main program message(s)?

Guidelines: *For example: "Be tested for HIV-AIDS" or "Have your child inoculated."* Please indicate if you also plan to incorporate USAID's primary message -this aid is "from the American people" -into the narrative of program materials. This is optional; however, marking with the USAID Identity is required.

Will the Recipient announce and promote publicly this program or project to host country citizens? If yes, what press and promotional activities are planned?

Guidelines: These may include media releases, press conferences, public events, and so forth.

Note: incorporating the message, "USAID from the American People", and the USAID Identity is required.

Please provide any additional ideas about how to increase awareness that the American people support this project or program.

Guidelines: One of our goals is to ensure that both beneficiaries and host-country citizens know that the aid the Agency is providing is "from the American people." Please provide any initial ideas on how to further this goal.

(3) Acknowledgements

Will there be any direct involvement from a host-country government ministry? If yes, please indicate which one or ones. Will the Recipient acknowledge the ministry as an additional

cosponsor?

Note: it is perfectly acceptable and often encouraged for USAID to "co-brand" programs with government ministries.

Please indicate if there are any other groups whose logo or identity the Recipient will use on program materials and related communications.

Guidelines: Please indicate if they are also a donor or why they will be visibly acknowledged, and if they will receive the same prominence as USAID.

(d) **Award Criteria.** The Agreement Officer will review the Branding Strategy for adequacy, ensuring that it contains the required information on naming and positioning the USAID-funded program, project, or activity, and promoting and communicating it to cooperating country beneficiaries and citizens. The Agreement Officer also will evaluate this information to ensure that it is consistent with the stated objectives of the award; with the Apparently Successful Applicant's cost data submissions; with the Apparently Successful Applicant's project, activity, or program performance plan; and with the regulatory requirements set out in 22 CF R 226.91. The Agreement Officer may obtain advice and from technical experts while performing the evaluation.

B. Standard Provisions

I. All mandatory standard provisions shall be incorporated into the resultant award. The standard provisions for U.S. Nongovernmental Organizations may be accessed at the following location:

Standard Provisions for U.S. Nongovernmental Recipients can be accessed through following URL: <http://www.usaid.gov/policy/ads/300/303maa.pdf>

II. The following Required as Applicable Standard Provisions which are indicated below in full text should be specially noted by the prospective Applicants:

NEGOTIATED INDIRECT COST RATES - PROVISIONAL (Nonprofit) (April 1998)

a. Provisional indirect cost rates must be established for each of the recipient's accounting periods during the term of this award. Pending establishment of revised provisional or final rates, allowable indirect costs must be reimbursed at the rates, on the bases, and for the periods shown in the schedule of the award.

b. Within the earlier of 30 days after receipt of the A-133 audit report or nine months after the end of the audit period, the recipient must submit to the cognizant agency for audit the required OMB Circular A-133 audit report, proposed final indirect cost rates, and supporting cost data. If USAID is the cognizant agency or no cognizant agency has been designated, the recipient must submit four copies of the audit report, along with the proposed final indirect cost rates and supporting cost data, to the Overhead, Special Costs, and Closeout Branch, Office of Procurement, USAID, Washington, DC 20523-7802. The proposed rates must be based on the recipient's actual cost experience during that fiscal year. Negotiations of final indirect cost rates must begin soon after receipt of the recipient's proposal.

c. Allowability of costs and acceptability of cost allocation methods must be determined in accordance with the applicable cost principles.

d. The results of each negotiation must be set forth in a written indirect cost rate agreement signed by both parties. Such agreement is automatically incorporated into this award and must specify (1) the agreed upon final rates, (2) the bases to which the rates apply, (3) the fiscal year for which the rates apply, and (4) the items treated as direct costs. The agreement must not change any

monetary ceiling, award obligation, or specific cost allowance or disallowance provided for in this award.

e. Pending establishment of final indirect cost rate(s) for any fiscal year, the recipient must be reimbursed either at negotiated provisional rates or at billing rates acceptable to the Agreement Officer, subject to appropriate adjustment when the final rates for the fiscal year are established. To prevent substantial overpayment or underpayment, the provisional or billing rates may be prospectively or retroactively revised by mutual agreement.

f. Failure by the parties to agree on final rates is a 22 CFR 226.90 dispute.

[END OF PROVISION]

PUBLIC NOTICES (MARCH 2004)

It is USAID's policy to inform the public as fully as possible of its programs and activities. The recipient is encouraged to give public notice of the receipt of this award and, from time to time, to announce progress and accomplishments. Press releases or other public notices should include a statement substantially as follows: "The U.S. Agency for International Development administers the U.S. foreign assistance program providing economic and humanitarian assistance in more than 120 countries worldwide." The recipient may call on USAID's Bureau for Legislative and Public Affairs for advice regarding public notices. The recipient is requested to provide copies of notices or announcements to the cognizant Technical Officer and to USAID's Bureau for Legislative and Public Affairs as far in advance of release as possible.

[END OF PROVISION]

COST SHARING (MATCHING) (February 2012)

a. If at the end of any funding period, the recipient has expended an amount of non-Federal funds less than the agreed upon amount or percentage of total expenditures, the Agreement Officer may apply the difference to reduce the amount of USAID incremental funding in the following funding period. If the award has expired or has been terminated, the Agreement Officer may require the recipient to refund the difference to USAID. b. The source and nationality requirements and the restricted goods provision established in the Standard Provision entitled "USAID Eligibility Rules for Goods and Services" do not apply to cost sharing (matching) expenditures.

[END OF PROVISION]

USAID DISABILITY POLICY - ASSISTANCE (DECEMBER 2004)

a. The objectives of the USAID Disability Policy are (1) to enhance the attainment of United States foreign assistance program goals by promoting the participation and equalization of opportunities of individuals with disabilities in USAID policy, country and sector strategies, activity designs and implementation; (2) to increase awareness of issues of people with disabilities both within USAID programs and in host countries; (3) to engage other U.S. Government agencies, host country counterparts, governments, implementing organizations and other donors in fostering a climate of nondiscrimination against people with disabilities; and (4) to support international advocacy for people with disabilities. The full text of the policy paper can be found at the following Web site: pdf.usaid.gov/pdf_docs/PDABQ631.pdf

b. USAID therefore requires that the recipient not discriminate against people with disabilities in the implementation of USAID funded programs and that it make every effort to comply with the objectives of the USAID Disability Policy in performing the program under this grant or cooperative agreement. To that end and to the extent it can accomplish this goal within the scope

of the program objectives, the recipient should demonstrate a comprehensive and consistent approach for including men, women, and children with disabilities.

[END OF PROVISION]

STANDARDS FOR ACCESSIBILITY FOR THE DISABLED IN USAID ASSISTANCE AWARDS INVOLVING CONSTRUCTION (September 2004)

- a. One of the objectives of the USAID Disability Policy is to engage other U.S. Government agencies, host country counterparts, governments, implementing organizations, and other donors in fostering a climate of nondiscrimination against people with disabilities. As part of this policy USAID has established standards for any new or renovation construction project funded by USAID to allow access by people with disabilities (PWDs). The full text of the policy paper can be found at the following Web site: pdf.usaid.gov/pdf_docs/PDABQ631.pdf.
- b. USAID requires the recipient to comply with standards of accessibility for people with disabilities in all structures, buildings or facilities resulting from new or renovation construction or alterations of an existing structure.
- c. The recipient will comply with the host country or regional standards for accessibility in construction when such standards result in at least substantially equivalent accessibility and usability as the standard provided in the Americans with Disabilities Act (ADA) of 1990 and the Architectural Barriers Act (ABA) Accessibility Guidelines of July 2004. Where there are no host country or regional standards for universal access or where the host country or regional standards fail to meet the ADA/ABA threshold, the standard prescribed in the ADA and the ABA will be used.
- d. New Construction. All new construction will comply with the above standards for accessibility.
- e. Alterations. Changes to an existing structure that affect the usability of the structure will comply with the above standards for accessibility unless the recipient obtains the Agreement Officer's advance approval that compliance is technically infeasible or constitutes an undue burden or both. Compliance is technically infeasible where structural conditions would require removing or altering a load-bearing member that is an essential part of the structural frame or because other existing physical or site constraints prohibit modification or addition of elements, spaces, or features that are in full and strict compliance with the minimum requirements of the standard. Compliance is an undue burden where it entails either a significant difficulty or expense or both.
- f. Exceptions. The following construction related activities are excepted from the requirements of paragraphs a. through d. above: (1) Normal maintenance, reroofing, painting or wall papering, or changes to mechanical or electrical systems are not alterations and the above standards do not apply unless they affect the accessibility of the building or facility; and (2) Emergency construction (which may entail the provision of plastic sheeting or tents, minor repair and upgrading of existing structures, rebuilding of part of existing structures, or provision of temporary structures) intended to be temporary in nature. A portion of emergency construction assistance may be provided to people with disabilities as part of the process of identifying disaster- and crisis-affected people as "most vulnerable."

[END OF PROVISION]

C. USAID/West Bank and Gaza Special Provisions

PROHIBITION AGAINST SUPPORT FOR TERRORISM

- (a) The Recipient is reminded that U.S. Executive Orders and U.S. law prohibit transactions with, and the provision of resources and support to, individuals and organizations associated with

terrorism. It is the legal responsibility of the Recipient to ensure compliance with these Executive Orders and laws.

(b) One of the applicable orders is Executive Order 13224, dated September 24, 2001. The website of the Office of Foreign Assets Control (OFAC) of the Department of Treasury contains the text of that order and a list of the individuals and entities designated thereunder. It also contains lists of individuals and entities designated under other anti-terrorism statutes, regulations and Executive Orders. See <http://www.treasury.gov/offices/enforcement/ofac/sdn/>.

(c) USAID reserves the right to review, and either approve or reject, the following subawards if proposed under this contract/agreement: (i) any contract or subcontract in excess of \$25,000 with a non-U.S. organization or individual; and (ii) any grant or subgrant to a non-U.S. organization or individual, regardless of the dollar value. Furthermore, the written consent of USAID is required before certain other forms of assistance may be provided to a non-U.S. organization or individual. These include in-kind assistance such as renovation of an NGO's facilities, repair or replacement of a company's equipment, and certain training activities. The details of these requirements are described in notices issued by USAID/West Bank & Gaza from time to time. No approval (or failure to disapprove) by USAID shall relieve the Recipient of its legal obligation to comply with applicable Executive Orders and laws.

(d) USAID reserves the right to rescind approval for a subaward in the event that USAID subsequently becomes aware of information indicating that the subaward is contrary to U.S. law or policy prohibiting support for terrorism. In such cases, USAID's Contracting/Agreement Officer will provide written instructions to the Recipient to terminate the subaward.

(e) USAID reserves the right to terminate this contract/agreement if USAID determines that the Recipient is involved in or advocates terrorist activity or has failed to comply with any of the requirements of this provision.

(f) This provision, including this paragraph (f), shall be included in all contracts, subcontracts, grants and subgrants issued under this contract/agreement. The Recipient shall promptly provide to USAID's Contracting/Agreement Officer a copy of the pages from each subaward that contain this provision.

(g) The Recipient agrees to promptly notify USAID's Assistance Officer Technical Representative (AOTR) in the event of any change in the identity of its "key individuals" or in the identity of "key individuals" of any recipient of a subaward described in paragraph (c). For purposes of this requirement, "key individuals" means (i) principal officers of the organization's governing body (e.g., chairman, vice chairman, treasurer and secretary of the board of directors or board of trustees); (ii) the principal officer and deputy principal officer of the organization (e.g., executive director, deputy director, president, vice president); (iii) the program manager or chief of party for the USAID-financed program; and (iv) any other person with significant responsibilities for administration of USAID-financed activities or resources. Note that this definition differs from the definition of "key personnel" under contracts and cooperative agreements.

(h) Before awarding any grant or similar instrument providing [cash or in-kind assistance under this contract][cash assistance under this agreement], the Recipient shall (1) obtain from the proposed subawardee the certification required under USAID's Acquisition and Assistance Policy Determination 04-14 (AAPD 04-14), "Certification Regarding Terrorist Financing

Implementation E.O. 13224 (Revision 2),” and (2) provide a copy of the certification to USAID’s Agreement Officer.

SUBCONTRACTING WITH GOVERNMENT OR QUASI-GOVERNMENT ENTITIES

No subcontracting with any government or quasi-government entity shall be conducted under this Agreement unless a specific waiver is approved for this purpose.

PROHIBITION AGAINST CASH ASSISTANCE TO THE PALESTINIAN AUTHORITY (Revised SEPT 2009)

U.S. legislation provides that none of the funding under this Award may be “obligated or expended with respect to providing funds to the Palestinian Authority.” In accordance with that prohibition, the Recipient shall not provide any cash to the Palestinian Authority; to any ministry, agency or instrumentality of the Palestinian Authority; to any municipality or other local government unit; or to any full-time or part-time employee or official of any of the foregoing entities. This restriction applies to payments of any kind, including salaries, stipends, fees, honoraria, per diem, and so forth.

This restriction does not prohibit the provision of in-kind assistance, such as technical assistance, training, equipment, supplies, or the construction of public works to the extent it is not otherwise prohibited by U.S. law or the terms of this Contract/Agreement.

This provision shall be included in all contracts, subcontracts, grants and subgrants or any other instruments or awards issued under this Contract/Agreement. Upon request, the Recipient shall promptly provide to USAID’s Contracting/Agreement Officer a copy of the pages from each subaward that contains this provision.

RESTRICTION ON FACILITY NAMES (OCT 2007)

(a) No assistance shall be provided under this contract/agreement for any school, community center or other facility that is named after any person or group of persons that has advocated, sponsored or committed acts of terrorism. This includes any facility that has “shuhada” or “shaheed” (“martyr” or “martyrs”) in its name, unless an exception is approved by the USAID Mission Director. In any case where assistance is proposed for a facility that is named after, or is planned to be named after, a person or group of persons, the Recipient shall provide to USAID’s Agreement Officer Technical Representative (AOTR) written information about the person(s) or group and shall not proceed with the assistance unless or until the AOTR has provided written approval therefore. This restriction applies to all forms of cash or in-kind assistance, including construction services, equipment, supplies, technical assistance, and training.

(b) In case of any failure to comply with this restriction, USAID may disallow any or all costs incurred by the Recipient with respect to the facility and, if necessary, issue a bill for collection for the amount owed. This is in addition to any other remedies that may be available to USAID for such noncompliance.

(c) This provision, including this paragraph (c), shall be included in all contracts, subcontracts, grants and subgrants issued under this contract/agreement. Upon request, the Recipient shall promptly provide to USAID’s Contracting/Agreement Officer a copy of the pages from each subaward that contain this provision.

REPORTING OF FOREIGN TAXES

- (a) The awardee must annually submit one report by April 6 of the next year. The reporting period will cover from October 1 to September 30.
- (b) Contents of Report. The reports must be in the format provided in Annex A VAT Guidance and contain:
 - (i) Recipient name.
 - (ii) Contact name with phone, fax and email.
 - (iii) Award number(s); separate report needs to be provided for each award.
 - (iv) Amount of foreign taxes assessed by the Palestinian Authority on commodity purchase transactions valued at \$500 or more financed with U.S. foreign assistance funds under this agreement during the prior U.S. fiscal year.
 - (v) Only foreign taxes assessed by the foreign government in the country receiving U.S. assistance is to be reported. Foreign taxes by a third party foreign government are not to be reported. For example, if an assistance program for the Palestinian Authority involves the purchase of commodities in Israel using foreign assistance funds, any taxes imposed by Israel would not be reported.
 - (vi) Any reimbursements on the taxes reported in (iv) received by the recipient through March 31. Any refund from the Palestinian Authority that is received directly by the awardee should be reflected. For refunds processed by USAID, we will fill in the VAT refunded amount. If a VAT refund receipt was provided to USAID for refund processing the awardee will need to provide the month under which the claim was submitted to USAID and the serial number of the invoice as included in the claim.
 - (vii) Reports are required even if the recipient did not pay any taxes during the report period.
 - (viii) Cumulative reports may be provided if the recipient is implementing more than one program in a foreign country.
- (c) Definitions. For purposes of this clause:
 - (i) “Agreement” includes USAID direct and country contracts, grants, cooperative agreements and interagency agreements.
 - (ii) “Commodity” means any material, article, supply, goods, or equipment.
 - (iii) “Foreign government” includes only a Palestinian Authority entity.
 - (iv) “Foreign taxes” means value-added taxes and custom duties assessed by a foreign government on a commodity. It does not include foreign sales taxes.
- (d) Where. Submit the reports by either of the following means:
email attachment (preferred): 579vat@usaid.gov or fax to 972-3-511-4888, attention Mr. Issa Hanna.
- (e) Subagreements. The awardee must include this reporting requirement in all applicable subcontracts, subgrants and other subagreements.
- (f) For further information see <http://www.state.gov/m/rm/c10443.htm>

PARTICIPANT TRAINING

In accordance with ADS 253, all participant training programs and sub-programs, directly or indirectly funded by USAID, shall be reported by the Recipient in the Agency’s Training Results and Information Network (TraiNet) and the Recipient shall comply with all reporting and file documentation requirements of ADS Chapter 253. In addition, the Recipient shall report on training program and sub-program expenditures under the three cost categories captured by TraiNet: Instruction, Participant/Trainee and Travel in accordance with ADS 253.3.3 The Recipient shall comply with all regulations in accordance with ADS Chapter 252 for any participant training programs or sub-programs that are conducted in the U.S.

CAPITAL ASSISTANCE (611e REQUIREMENTS)

Prior to committing any USAID funds for capital assistance projects proposed under this Agreement, including mechanical items and other equipment that will be purchased for use by local partners, the Grantee will provide USAID with sufficient information to determine that Palestinian counterpart institutions and communities have the capacity to maintain and utilize the assistance effectively. Upon review and analysis of information provided, USAID West Bank and Gaza will advise the Grantee when and if all AID regulations for proceeding with capital assistance have been met.

PROHIBITION ON ASSISTANCE TO THE PALESTINIAN BROADCASTING CORPORATION

- a) U.S. legislation provides that none of USAID's funding "may be used to provide equipment, technical support, consulting services, or any other form of assistance to the Palestinian Broadcasting Corporation." In accordance with this prohibition, the Grantee shall not provide any assistance to the Palestinian Broadcasting Corporation.
- b) This provision, including this paragraph (b), shall be included in all contracts, subcontracts, grants and subgrants issued under this grant.

VALUE ADDED TAX AND CUSTOMS DUTIES

Pursuant to agreements with the Palestinian Authority (PA) and the Government of Israel (GOI), all imports and expenditures under this award by the Grantee and by non-local sub grantees and subcontractors (as defined below) will be exempt from Value-Added Tax (VAT) and customs duties imposed by the PA and from customs duties imposed by the GOI. Therefore, in accordance with paragraph 51 of OMB Circular No. A-122, Annex A, such VAT and customs duties shall not constitute allowable costs under this award. No exemptions from VAT imposed by the GOI are available through USAID. Therefore, Israeli VAT is an allowable cost under this award, except for VAT from which exemptions are available to the Grantee directly.

The Grantee and any non-local subgrantees or subcontractors shall make reasonable efforts to avoid Palestinian VAT at the point of sale by obtaining 0% VAT exemption. USAID will assist the Grantee to obtain zero percent (0%) VAT status from the PA. The Grantee shall use this exemption to avoid paying any PA VAT to local subcontractors and vendors by obtaining approval from the PA VAT Department for suppliers to issue 0% VAT invoices.

In cases where Israeli and Palestinian VAT cannot be avoided, the Grantee shall obtain original VAT receipts from the vendors. Receipts must be submitted to USAID's Financial Management Office on a monthly basis to enable USAID to process refund claims with VAT authorities. The Grantee is responsible for ensuring that sub grantees or subcontractors comply with this requirement. All VAT claims for the sub grantees and subcontractors shall be submitted to USAID through Grantee. *(Please refer to VAT Guidance dated April 2, 2003 issued to USAID WBG Contractors and Grantees - see Annex A).* Receipts for sub grantees and subcontractors must be addressed to the project name /Grantee to enable USAID to claim refunds.

Grantees that already have exemption mechanisms in place with the GOI and/or the PA should continue to follow those procedures. Any refund of taxes received directly by the Grantees which were allowed as award costs, should be credited either as a cost reduction or cash refund, as appropriate, to USAID.

"Non-local sub grantees and subcontractors" means sub grantees and subcontractors that are present in the West Bank or Gaza solely for the purpose of performing work financed by USAID or other tax-exempt foreign donors."

D. Reporting Requirements

The Recipient shall adhere to all reporting requirements listed below solely with respect to USAID-funded activities. All reports as required shall be submitted by the due date for approval of the USAID Agreement Officer's Representative (AOR) designated by USAID/WBG's Agreement Officer in the AOR Designation Letter.

a. Financial Reporting

The Recipient shall submit an original and two copies. Financial Reports shall be in keeping with 22 CFR 226.52.

- a) In accordance with 22 CFR 226.52, the Recipient shall submit the Federal Financial Form SF-425 on a quarterly basis via electronic format to the U.S. Department of Health and Human Services (<http://www.dpm.psc.gov>) with a copy to the Agreement Officer's Representative (AOR).
- b) The Recipient must submit the original and two copies of all final financial reports to USAID/Washington M/CFO/CMP-LOC Unit, to the Agreement Officer and to the AOR. The Recipient must submit an electronic version of the final SF-425 to U.S. Department of Health and Human Services in accordance with paragraph (a) above.

b. Program Reporting

1. Implementation Plan

Timing: Within 60 days following award, the Recipient shall submit the first annual work plan. Attached to the initial work plan, the Recipient will provide a Performance Management Plan (PMP). USAID will provide written comments to the Recipient. The Recipient will revise and submit the revised work plan no later than 15 days after receipt of comments. If acceptable, the USAID Agreement Office Representative (AOR) will provide a written approval of the final work plan to the Recipient. Failure to have an approved work plan in place may be viewed as a failure to comply with essential terms and conditions of the award. Significant revisions to the approved work plan including approvals for any single construction activity for which the estimated cost will exceed \$500,000 will require the written approval of the AOR prior to the recipient proceeding with such project (and may require a revision to the approved PMP).

Subsequent Annual Work Plans: Subsequent annual work plans are due no later than 30 days before the anniversary of the award effective date, to ensure that the new work plan will be in place prior to commencement of the new contract year. These plans will follow the same format as the initial work plan and should also include an updated PMP, if appropriate. In addition, the

subsequent annual work plan shall include program adjustments reflecting lessons learned from prior year implementation.

Purpose: The work plan details how the Recipient will use this time effectively to achieve the award's objectives. The work plan serves as a detailed guide to program implementation and, once approved, represents an agreement as to the nature and timing of discreet tasks and interventions. Discreet tasks include training events, workshops and seminars, outreach events, and information dissemination activities such as publications and reports. It is essential that the document be concise so as to ensure that it will be a simple reference tool for the implementer to track progress against the approved implementation schedule, and for USAID to monitor and evaluate performance through the work plan year and to ensure that award objectives are accomplished on time, on budget, and in accordance with expectations. Each annual plan will form the basis for an annual management review conducted by USAID and program staff to assess program directions, priorities, achievements, and prior year implementation results, as well as management and implementation impediments, and to make recommendations for revisions, as appropriate.

Work Plan Standards: Work plans will identify a logical sequence of steps to be undertaken to implement each program component and must include an associated timetable. The Recipient may not include activities in the work plan that fall outside the parameters of the statement of work. The Recipient's annual work plan will describe how the Recipient intends to organize the year's work including setting project priorities and how the Recipient will organize responsibilities amongst Recipient staff to ensure accomplishment of the tasks. The work plan will address how the Recipient will make effective use of any time during which counterparts are not readily accessible or actively engaged such as holidays.

The work plan, at a minimum, is to include:

1. A systematic presentation (i.e., Gantt chart) of activities to be accomplished under the different components and sub-components, on a monthly basis;
2. The proposed location of the activity;
3. The anticipated outputs and outcomes from each activity conducted;
4. The anticipated level of effort required from program technical staff and financial resources required to complete the tasks;
5. The identification of any assumptions used in preparing the work plan, as well as suggested alternatives if necessary;
6. The anticipated risks with regard to achieving the anticipated objectives of the award and how they will be mitigated; and
7. Any specific award terms or conditions that interfere with maximizing the developmental impact of the award.

2. Performance Management Plan (PMP)

Purpose: The Recipient is required to have a PMP capable of tracking and documenting progress against program components. The PMP reflects the award progress over the life of the project and is a critical tool for planning, managing, documenting, and evaluating performance. The PMP should be reviewed and validated annually, and revised if appropriate.

The PMP will include:

1. A Results Framework (RF) and simplified Foreign Assistance Framework that reflect the objectives described in the award;
2. The indicators that will be used to assess progress towards the project goals and intermediate results;
3. The data sources and method and frequency of data collection, review, analysis and reporting;
4. The parties responsible for data collection;
5. The baseline data or the plan and timeline for gathering the baseline data;
6. The estimated cost associated with implementing this PMP;
7. Targets for each indicator year;
8. The Data Quality Assessment (DQA) plan and procedures; and
9. The Evaluation Plan and how the evaluation results will be used to inform project implementation.
10. A description of how gender considerations will be integrated into program implementation and the monitoring and evaluation.

3. Quarterly Performance Reports

Timing: Reports are to be submitted within 30 work days of the end of each calendar quarter.

Purpose: The Contractor will submit brief quarterly performance reports and financial allocation summaries to USAID to reflect progress and activities of the preceding quarter. The report shall describe the tasks completed in the last quarter relative to what was anticipated by the approved work plan, and will assess overall project impact to date relative to the performance indicator targets.

The quarterly reports will highlight any issues or problems affecting the schedule or impact of services provided by the Contractor. The reports will include financial information on the expenses incurred, available funding for the remainder of the activity and any variances from planned expenditures. All data and output reporting will disaggregate data by gender.

Quarterly performance reports will present progress on all project activities and will include the following information, at a minimum:

1. Brief outline of project purpose and project approach;
2. Overall status of project progress towards project objectives (narrative);
3. Status of overall project progress per the approved indicators as defined in the PMP;
4. Summary of completed activities and progress towards results under this award during the timeframe of the report;
5. List of reports/deliverables completed in the reporting period;
6. Explanation of quantifiable outputs of the tasks, if appropriate and applicable;
7. Reasons why established targets were not met, if appropriate;
8. Description of any short-term consultants' progress and observations, identifying any significant issues, and a description of follow-on activities;
9. Status of budget expenditures and analysis of any cost overruns or high unit costs (the contractor shall immediately notify USAID of developments that have a significant impact on award-supported activities);
10. Identification of problems, delays or adverse conditions that impair the ability to meet the objectives of the award, including a statement of the action taken or contemplated, and any assistance needed to resolve the situation;
11. List of major activities planned for the next quarter;
12. The use of Small and Disadvantaged Business relative to the target identified;

13. Any relevant constraints or impediments that have affected or will affect project performance, including any terms and conditions contained in the award;
14. Projected USAID approvals, waivers or deviation requests anticipated during the next quarter;
15. Confirmation that TraiNet reporting requirements are up to date and that relevant activities and data have been entered in to Geo-Mis (a list of activities added or updated in Geo-Mis during the quarter should be attached); and
16. The status of required audit processes including for sub-awardees, if applicable.

4. Annual Performance Report

Timing: The Recipient shall submit annual reports in lieu of the 4th quarterly report each year to the AOR and to the Agreement Officer. The annual report should be submitted no later than 90 days after the end of each award year other than the last, when the final report will be submitted.

Purpose: The annual report will cover all of the items included in the quarterly reports, with a focus on project results over the entire contract year. The annual report will be used by USAID to assess the status of the project in relation to the time remaining for performance. Each annual report will include an assessment as to whether the objective of the award will be accomplished within the remaining time and available resources.

In addition, the Recipient should include an assessment as to the effectiveness of the PMP in measuring project impact including:

1. The status of evaluation activities including the establishment of baseline data;
2. The appropriateness of the data collected to measure project impact;
3. The identification of unanticipated challenges in the collection of evaluation data;
4. The appropriateness of the overall PMP to measure impact and any proposed revisions thereto;
5. Practical or political factors that should be considered when analyzing the performance data; and
6. The effectiveness of the evaluation activities to inform programming.

5. Demobilization Plan

Timing: Not less than three months prior to the completion date of the award, the Recipient shall submit a Demobilization Plan.

The Plan will include, at a minimum, an illustrative Property Disposition Plan addressing all requirements under contractual and local law for the transfer of property; a plan for the phase out of in-country operations; a delivery schedule for all reports or other deliverables required under the award; and a timeline for completing all required actions in the Demobilization Plan, including the submission date of the final Property Disposition Plan to the Agreement Officer. Both the illustrative and final Property Disposition Plans shall include the inventory schedule required by 22 CFR 226.35, a plan for the disposition of property to eligible parties and a timeline for the disposition of such property. In addition, the Recipient will describe how all required prime and sub-award audits will be conducted after the demobilization of the Recipient. The Demobilization Plan shall be approved in writing by the AOR.

6. Final Report

Timing: The final performance report is due 90 calendar days after the expiration or termination of the award.

The final report shall provide a summary description of all work performed under the award and a substantive discussion of results achieved (as measured by performance indicator). The final report should include the final status of each component objective, the status of indicators relative to the established targets, lessons learned, ways to resolve any constraints identified, any opportunities for further refinement, enhancement, logical extension, or expansion of the completed work and how it fits into USAID's strategic objectives and any perceived problems, vulnerabilities, or weaknesses in the assistance provided, with recommendations for addressing the identified weaknesses.

The final report shall also contain an index of all reports and informational products produced under this contract. Along with the Final Report, a CD-ROM depository shall be submitted, containing all written documents, reports and presentations. The depository shall be organized in a user-friendly and searchable manner.

The Recipient shall submit electronically in PDF format the final report to the USAID/West Bank and

Gaza AOR. In addition, one copy shall be submitted to USAID Development Experience Clearinghouse

to one of the following: (a) via U.S. Postal Service, ATTN: 8403 Colesville Road, Suite 210, Silver Spring, MD 20910; (b) via e-mail: docsu@dec.cdio.org; (c) via fax: (301) 588-7787; or (d) online: <http://www.dec.org/index.cfm?fuseaction=docSubmit.home>.

7. GEOGRAPHIC MANAGEMENT INFORMATION SYSTEM (Geo-MIS)

In support of USAID/WBG's Geo-MIS initiative, the Recipient will report and provide Geo-MIS related information on all USAID-funded activities.

- a. An initial Geo-MIS report shall be submitted within 30 days from approval of the Implementation Plan with follow-on reports following every thirty (30) days (monthly) thereafter. Those monthly reports shall be submitted via e-mail to the AOTR and Geo-MIS manager; and include a summary of actions taken by the recipient in regard to data entry and updates in the Geo-MIS system over the internet, and a list of Geo-MIS activities added, updated or closed.
- b. Recipient regular quarterly reports/annual reports shall include a section on Geo-MIS actions taken in that period as well as a list of activities added, updated or closed.
- c. The Final Report will reflect that all activities have been fully Geo-MIS reported. Close out actions will not be concluded until such reporting has been completed. Geo-MIS reporting shall be submitted through the internet application available at your office via accessing the Mission Geo-MIS domain URL: www.usaidgiswbg.com

- d. The Recipient is required to report activity related fields of data and list of output indicators on monthly basis, and program related fields/narratives, PMP indicators and OP indicators on quarterly basis.¹;
- e. Details as to the reporting form and format are published at URL: www.usaidgiswbg.com. Registration for access to and questions regarding the use of the Geo-MIS web site and reporting are to be directed to USAID/WBG/PPDO and the AOTR. The AOTR will arrange for Geo-MIS training, lead the PMP development efforts and data quality assessments/verifications of Geo-MIS data.
- f. The Recipient staff will be provided Geo-MIS training by USAID/WBG/PPDO, This training will be directed toward basic functions of the Geo-MIS and enabling the Recipient to report its work through the system and to use it as a Management Information System (MIS tool) including how to add/update and verify activities and program related info on a monthly and quarterly basis. The Recipient will appoint a member of its staff for training, as responsible for executing the Geo-MIS reports, to serve as liaison with USAID, and participate in GIS working groups.

B. Annexes

Annex A: VAT Guidance

[END SECTION VII]

U.S. AGENCY FOR
INTERNATIONAL
DEVELOPMENT

**ANNEX A: VAT Guidance dated
April 2, 2003 issued to USAID
WBG Contractors and Grantees**

APRIL 2, 2003

NOTICE FOR USAID CONTRACTORS AND GRANTEES

SUBJECT: VAT GUIDANCE

As per the guidance provided to all contractors and grantees in our letter of July 30th, 2002, VAT is an extremely sensitive and important issue for our Mission. Careful attention must be paid to avoiding VAT whenever possible and, failing that, obtaining valid VAT receipts so that USAID may seek VAT refunds from tax authorities. Failure to do so could put the Mission's programs in jeopardy and possibly lead to a USAID determination that VAT costs are unallowable.

USAID will reimburse contractors and grantees for Israeli and Palestinian VAT if and only if the following procedures are followed:

1. For Grantees, reasonable efforts must be made to avoid Israeli and Palestinian VAT at the point of sale whenever possible. This includes taking all reasonable steps to obtain a 0% VAT exemption from the Palestinian Authority before making any further purchases. Grantees that already have exemption mechanisms in place with Israel and/or the PA should continue to follow those procedures.
2. For grantees that recently received a 0% VAT exemption from the Palestinian VAT department, they are required to pass these exemptions to their partners (i.e. suppliers, vendors, and contractors), by sending a letter to the VAT Department notifying it about the partner, description of the transaction and the amount of the transaction before the purchase is completed.
3. For both Contractors and Grantees, in cases where Israeli or Palestinian VAT cannot be avoided at the point of sale, original VAT receipts must be obtained from all vendors that are legally authorized to issue such receipts. To be considered valid and acceptable, receipts must conform to the requirements stated in the checklist attached to this notice. Receipts shall be submitted to USAID's Financial Management Office on a monthly basis, no later than the fifteenth day after the end of the month. This will enable USAID to process refund claims with VAT authorities on a timely basis.

Financial Management Office
Att. VAT Coordinator, USAID
c/o American Embassy
71 Hayarkon Street,
Tel Aviv 63903

Failure to comply with both of these requirements may result in a determination that the VAT costs in question are unallowable under your contract or grant, in which case those costs would be financed from your organization's own funds.

Given that USAID will be reimbursing VAT expenses in contractor and grantee billings that are charged as disbursement to the contracts/grants, the refunds, once received, will be recorded as off-sets to the applicable contract or grant by USAID.

Please note that separate procedures will be provided for processing refunds for contractors and grantees under Letter of Credit (LOC) method of payment.

Please submit the original VAT receipts and one copy to USAID. In addition, contractors and grantees must retain on file copies of receipts and related documentation reflecting their VAT submissions to USAID. This is needed to avoid the risk that VAT costs may be questioned during an audit and possibly disallowed.

In addition, we have attached for your use 2 matrixes, one for the Israeli and one for Palestinian VAT submissions. Please keep the following guidance in mind when submitting this document to USAID:

1. Report the VAT invoices in the correct chronological order. i.e. start from the first of the month through to the 30th.
2. Provide a hard and electronic copy of the form with the respective receipts attached to each one in order to avoid confusion.
3. The electronic copy has to be sent to ilpavat@usaid.gov.
4. Attach all related supporting documents to each receipt with that invoice.
5. Submit this form, receipts and supporting documents no later than the 15th of the following month.
6. You will notice that we have entered some figures already on the matrix. This is just to provide you with an example and to activate the formulas. Kindly replace those with your own figures.
7. For any specific issues with regards to the VAT, please contact Ms. Abeer Odeh, our Supervisor Financial Analyst, at 03-511-4806, 050 259407, and 059 246777 or at e-mail aodeh@usaid.gov.

The requirements discussed in this notice apply to not just prime contracts and grants, but also subcontracts and sub-grants with non-local entities – that is, entities that are present in the West Bank or Gaza solely for the purpose of performing work financed by USAID or other tax-exempt donors.

USAID provided some guidance with regards to this issue in July 2002. However, some partners have failed to report their VAT in a timely manner. Therefore, we hereby request that all Contractors and Grantees report to us by COB noon April 21st, 2003, all pending invoices from January 1st, 2002 until the present.

We thank you for your cooperation in this matter.

Attachments:

1. VAT Invoices Required Attributes
2. VAT Refund Sheet – Includes 2 documents for the Israeli and the Palestinian VAT respectively.

07/30/2002

NOTICE FOR USAID CONTRACTORS AND GRANTEES

Subject: VAT GUIDANCE

As discussed at previous meetings with contractors and grantees, VAT is an extremely sensitive and important issue for our Mission. Careful attention must be paid to avoiding VAT whenever possible and, failing that, obtaining valid VAT receipts so that USAID may seek VAT refunds from tax authorities. Failure to do so could put the Mission's programs in jeopardy and possibly lead to a USAID determination that VAT costs are unallowable.

The Mission is continuing its dialogue with Palestinian VAT authorities to effect broad implementation of a 0% VAT procedure whereby VAT expenses would be avoided at the point of sale. In the meantime, for both Israeli and Palestinian VAT, USAID will reimburse contractors and grantees for incurred costs in accordance with the payment provisions of their agreements; provided, however, that the following procedures are followed:

1. Reasonable efforts must be made to avoid Israeli and Palestinian VAT at the point of sale whenever possible. Those contractors and grantees that have exemption mechanisms in place should continue to follow those.
2. In cases where Israeli or Palestinian VAT cannot be avoided at the point of sale, original VAT receipts must be obtained from all vendors that are legally authorized to issue such receipts. To be considered valid and acceptable, receipts must conform to the requirements stated in the checklist attached to this notice. Receipts shall be submitted to USAID's Financial Management Office on a monthly basis, no later than the fifteenth day after the end of the month. This will enable USAID to process refund claims with VAT authorities on a timely basis.

Failure to comply with both of these requirements may result in a determination that the VAT costs in question are unallowable under your contract or grant, in which case those costs would be financed from your organization's own funds.

Since USAID will be reimbursing VAT expenses in contractor and grantee billings, the refunds, when received, will be deposited to the account of USAID.

In addition to submitting original VAT receipts to USAID, contractors and grantees must retain on file copies of receipts and related documentation reflecting their VAT submissions to USAID. This is needed to avoid the risk that VAT costs may be questioned during an audit and possibly disallowed.

The requirements discussed in this notice apply to not just prime contracts and grants, but also subcontracts and subgrants with non-local entities – that is, entities that are present in the West Bank or Gaza solely for the purpose of performing work financed by USAID or other tax-exempt donors.

If you have any questions, please contact Robert Bonnaffon (03-511-4880) or Leonel Pizarro (03-511-4852)

Attachment: a/s

VAT INVOICES REQUIRED ATTRIBUTES

ISRAELI VAT INVOICES

The following information is required on Israeli VAT invoices in order for them to be accepted for purposes tax refunds:

- Vendor's name
- Invoice date
- Vendor's tax identification number (TIN)
- Tax invoice number
- Document must be an original, copies are not accepted
- The document must indicate on its face that it is a tax invoice...a hishbunit mas, or in Hebrew: **השבונית מס**

PALESTINIAN VAT INVOICES

The following information is required on Palestinian VAT invoices in order for them to be accepted for purposes of tax refunds:

- The purchaser's name and address
- Name of the vendor
- The document must state "Authorized Dealer" and then the dealer number. For example:
- The document must state on its face that it is a "Tax Invoice" and an invoice number. For example: فاتورة ضريبة
- The invoice must state on its face "Original". For example: النسخة الاصلية

END OF ANNEX A
